Eli Whitney	100	Complete
Enfield Street School	100	Complete
Hazardville Memorial	100	Complete
JFK Middle School	100	Complete
Prudence Crandall	100	Complete
Stowe	100	Complete

Cleaning includes disassembly of each entire classroom unit ventilator and associated built-in shelving, filter replacement, debris removal, HEPA vacuuming, damp wiping, completion of any repairs and re-installation. This is being completed as an additional task during normal summer “restorative” deep cleaning when classrooms are emptied of all furniture and materials. All units and associated shelving will be addressed before start of the Fall, 2018 school season.
