# A Guide to Recycling

Connecticut now has a universal list of what belongs in your recycling bin and what doesn't. All items should be **emptied, rinsed, clean and open**. Do **NOT** shred, box, bag or bundle. To learn more about recycling, go to [www.RecycleCT.com](http://www.RecycleCT.com) or [www.enfield-ct.gov/402/recycling-information](http://www.enfield-ct.gov/402/recycling-information) to type in an item to see if it is recyclable or not.

		What's IN?	What's OUT?
	PAPER	Cardboard & boxboard Food & beverage cartons Junk mail Magazine & newspaper inserts Newsprint Office paper Pizza boxes	Gift wrap & gift bags Ice cream containers Paper cups (hot & cold) Shredded paper Take-out food containers Tissue paper
	GLASS	Beverage bottles & jars Food bottles & jars	Ceramic mugs & plates Drinking glasses
	METAL	Aerosol containers (food grade) Aluminum foil Cans & bottles Foil containers Metal lids from cans & bottles	Aerosol containers (deodorizers, cleaners, pesticides, etc) Yogurt containers foil tops Paint cans Pots & pans Small pieces of scrap metal Spiral wound containers
	PLASTIC	Plastic bottles (with or without caps attached) Plastic containers, tubs & lids Plastic one-use cups (no lids, no straws)	Loose bottle caps Plastic bags & wrap Plastic plates, bowls & utensils Prescription bottles Single-use coffee containers Styrofoam cups, containers & packaging peanuts Water filters

## Why Recycle?

When done right, recycling...

- Costs less than landfilling or incineration, thereby saving the Town money.
- Conserves valuable resources and saves energy.
- Annual benefit to Connecticut's economy is estimated to be over \$700 Million.
- Reducing the garbage in our landfills reduces air and water pollution.
- Increasing residential and commercial collection within the state will directly increase local jobs.
- Preventing 1 ton of paper waste will save 15 mature trees.
- Decreases greenhouse gases and pollutants that impact our climate and health.
