PROGRAM INFORMATION & DATA:

When a major emergency occurs, either natural or manmade, the Office of Emergency Management interacts with other emergency agencies from both the public and private sectors to coordinate response and relief activities. This includes contact with agencies and departments from the local, State, and Federal governments. This office is also responsible for maintaining and updating the local emergency operations plan, which serves as an operational guideline to agencies during significant emergencies. Additionally, the terrorists attacks on America on September 11, 2001, plus the subsequent anthrax incident, has resulted in this office participating in training and preparing for acts of terrorism that could include the employment of weapons of mass destruction.

DEPARTMENT GOALS:

Upon request from the Incident Commander, respond to the scene of emergencies to assist in operations.

Conduct two emergency management workshops in Enfield with local agencies.

Participate, when possible, in simulated exercises with local emergency response agencies.

Interact closely with emergency response and support agencies to improve local capability to swiftly and effectively mitigate emergencies. Such steps may include, but are not limited to, planning, purchasing selected equipment as resources allow and implementing State and Federal guidelines under Homeland Security.
