Councilor Cekala, asked for a motion to move up items M, K & L in the agenda and vote on them now.

MOTION #6337 by Councilor Cekala, seconded by Councilor Mangini to move up item M, K & L in the agenda.

Upon a SHOW-OF-HANDS vote being taken, the chair declared MOTION #6337 adopted 10-0-0.

Upon a SHOW-OF-HANDS vote being taken, the chair declared MOTION #6338 adopted 10-0-0.

RESOLUTION #6339 by Councilor Cekala, seconded by Councilor Pyznar.

A full text of this resolution is appended to the minutes.

Lew Fiore and Tom Kienzler from the Registrar of Voters were present. They stated that the council can accept or reject the redistricting presented back in June. The difference between the highest and lowest district is only about 550 voters. The cost has been budgeted in the budget
approved in May. It will be around $1,500-$1,700 to implement this for postage and new maps. It is best going forward to try and keep the districts as balanced as possible.

Councilor Pyznar asked for clarification that this change would be for the 2023 election, not the 2022 election.

Mr. Kienzler and Mr. Fiore confirmed that to be correct.

Mr. Fiore explained the impact of changes with regards to the census every ten years on the voting districts.

Upon a ROLL-CALL vote being taken, the chair declared RESOLUTION #6339 rejected 3-7-0 with Councilors Cekala, Cressotti, Despard, Finger, Hopkins, Mangini and Santanella voting against.

A full text of this resolution is appended to the minutes.

Chief Alaric Fox of the Enfield Police Department and Chief Erin Riggott of Emergency Management Services were present. Councilor Pyznar inquired as to the timeline of the construction with regards to Police and EMS services. Chief Fox indicated he would need to defer to Donald Nunes for a concrete timeline.

Councilor Ludwick commented on the costs associated with the project and how it may be affected by current inflation.

Chief Fox highlighted the benefits of a regional training facility and the needs of the police department based on current circumstances.

Chief Riggott discussed the needs of adequate space for the EMS staff as their call volume increases. Their services are dependent on temperature regulation, and they are challenged to maintain it with their current space.

Councilor Unghire commented that the costs associated with upgrades to the current police station and EMS facilities would likely increase if the town chose to postpone the issue as the state funding could be lost if the project was delayed.
Director of Finance John Wilcox discussed the financial impact of the bonding of this project. He explained that based on his projections, the Town of Enfield is not in jeopardy of a potential rating downgrade if the town assumed bonding for this project. He also calculated that the highest tax impact would be in FY 2027 and would add 6 cents to the mill rate. For a homeowner with a home’s fair market value at $200,000, they would see an increase of $9.00 per year in their taxes. This would equate to $137 over a 20-year period if the town needed to bond the $2.3 million dollars and did not seek other resources.

Attorney Matt Ritter of the firm Shipman and Goodwin was present. He discussed the issues regarding violation of state statute when using the town’s resources to promote or advocate the project once it goes to referendum.

Deputy Mayor Cekala discussed the costs associated with making individual upgrades to the current police station and EMS facilities against the projected costs of a new public safety complex.

Upon a **ROLL-CALL** vote being taken, the chair declared **RESOLUTION #6341** adopted 9-1-0.

**RESOLUTION #6342** by Councilor Cekala, seconded by Councilor Mangini.

**BE IT RESOLVED:**

YES NO

**SPECIAL GUESTS** -- Economic Development Commission -- ARPA Small Business Grant Program

Economic Development Commission chairperson Mary Ann Turner was present along with commission member Richard Stroiney. Mary Ann Turner described the purpose of the ARPA funds and an overview of the ARPA Small Business Grant program. The commission is seeking advice and guidance from the Council on how the Economic Development Commission can direct the funds through a one-time grant for local businesses' future projects. Mary Ann Turner confirmed that the funds will not be used to pay or reimburse businesses recovering from the pandemic for a previous project or safety measures during the pandemic. It is for a future upgrade, project or an enhancement for sole proprietor, partnership, LLC or corporation. Residential real estate investors, elected officials and immediate family are excluded from the program. She further detailed the requirements of the program and the follow up process with the applicants.

Councillor Ludwick requested that priority is given to businesses that were open during the pandemic. Commissioner Turner confirmed that new businesses, existing businesses and those that closed and wanted to reopen could apply.

Councillor Cekala inquired about the application for the grant and if the information regarding accepted PPP loans during the pandemic would preclude the applicant from receiving the grant program funds. Commissioner Stroiney clarified that the funds for this program are aimed at future projects and that while the commission could see the data about loan programs accepted through certain websites, it would not be a determining factor for eligibility of the program.

Commissioner Turner explained that through the process of developing the program, the commission looked at what other towns were doing and found that they were too specific. The commission's goal is to provide an opportunity for Enfield businesses to move forward. Commissioner Turner asked the council and town manager for guidance on their program's requirements to ensure they comply with guidelines and rules.
PUBLIC COMMUNICATIONS

Lewis Fiore, 14 Cartier Road
Mr. Fiore reminded the council this year there is an election on Tuesday November 8, 2022 and that in years past, the council has cancelled their meeting that takes place the day prior to the election. The Registrars of Voters use council chambers for election day reporting.

Reverend Greg Gray, 1449 Enfield Street
Rev. Gray thanked the town manager, council and board of education for putting together the community conversation last week. He was disappointed in the lack of participation by the leaders of other faith communities in town. Three clergy members were present and one of those was from Suffield. He is using his voice to ask other faith leaders in town where they stand regarding racism and white supremacy. Starting on Thursday September 8, 2022 his congregation will begin a book study “How to be Anti-Racist,” by Ibram X Kendi. Everyone is welcome to attend but let him know ahead of time so they have enough books ordered. Everyone is also invited to attend a vigil for International Overdose Awareness Day at 7 p.m. on August 31, 2022.

Jack Sheridan, 7 Buchanan Road
Mr. Sheridan expressed that he was in support of the Public Safety Complex project last year. Now he is against it because money is tighter. He inquired about the $300,000 allocated to the roof. He also believes that back in 2008 there were proposed savings in the Siemens contract when the town did the school audits. He has yet to see a report on the promised savings. He provided information to the council and board of education regarding savings analysis and the potential to fund $9,700,000 in facility upgrades over a 20-year contract. He wants to know if we have saved any money. If we didn’t save, Siemens was to pay. He commented on the issues the Town of Stafford Springs was facing with their geo-thermal project and contract.

Rob Kwasnicki, 123 Wynwood Drive
Mr. Kwasnicki is a small business owner and feels that state government actions in response to the pandemic that caused a lot of the challenges for small business owners. He is frustrated that businesses need to ask for help from the government when their actions caused the challenges.

Lynn Costa, 13 Teach Street
Ms. Costa moved to town 21 years ago because she thought Enfield was a wonderful town with a great school system and community togetherness. She expressed that she is registered unaffiliated voter because she was dissatisfied with both major parties when she attended their meetings. She also expressed her concerns about the condition of the roads in town. She doesn’t feel that the procedure for taking the lowest bidder for road repairs does not work. The person who is the lowest bidder does not always do the right job.
Brandon Jewel, 1114 Gateway Drive
Mr. Jewel is in the leadership of Enfield Pride. They exist to promote community, fellowship and support around lesbian, gay, bisexual, transgender and queer issues in the greater Enfield area. He attended the community conversation last week and was pleased with the work done there but it is not over. 2020 was the last time there was a study done by the National LGBTQ Task Force that indicates black trans people have a 26% unemployment rate. This is twice as high as the unemployment rate for transgender people of all racial and ethnic background. He detailed more statistics and feels the town must come together more to continue the conversation started last week.

Peter Jonaitis, 3 Farmstead Circle
Mr. Jonaitis stated that he hopes all of the comments tonight are included in the minutes and what the council says on other topics. He feels that important comments were left out with what was said between Councilor Ludwick and the Town Manager. He has concerns about an outside agency leaving out the comments. He reminded the council that they were elected to represent the entire town and need to work together. He urged the council to let the Republican Town Committee fill the empty seat on the council. If the town wanted to help businesses, they should readjust their assessment. The town manager is there for the council’s resources, and they need to give her some direction. There are decisions that need to be made and items to be addressed and the council will not agree on everything they do. He urged the council to work together for all of the residents of Enfield.

Kelly Hemmeler, 10 Hartford Avenue
Ms. Hemmeler stated that comments made at the last council meeting were publicly humiliating to the chair of the Enfield Culture and Arts Commission. There needs to be some clarification. It was one of her subcommittees and she enjoyed it. She stated their mission was to “plan, produce, coordinate, or otherwise provide assistance to sponsors of events or activities to encourage participation therein which promote or develop the artistic, historic, cultural and heritage resources of and within the community of Enfield.” They are a small group and it was not fair for people to say they did not do anything. She feels the chair did a great job and the commission did a lot of work. She described the grant program of $500 and how they were cognizant of taxpayer money. She thinks it makes no sense to have a Board of Education Liaison because they do not give the commission money. She wants someone to look into the $30,000 transfer.

Rob Anderson, 34 Bass Drive
Mr. Anderson highlighted that Teach Street is located in District 1 and the resident with concerns would talk to the Councilor for District 1. He also feels that it doesn’t matter what side of the fence he is on, he needs to trust the council’s intentions even if he doesn’t agree. He saw the emails between the Town Manager and the ECAC and felt they were rude. He is also concerned about the meeting minutes comments disappearing. He thanked Councilor Finger.
Zach Zannoni, 6 Howard Street
Mr. Zannoni is an educator and a student. He finds it offensive that there was an interview that someone who is supposed to represent the highest body in this town could not give a definitive answer on whether teachers were engaging in inappropriate behavior. People have a right to address their concerns with the council. He feels the minutes should have been corrected. He has reached out to many members of the council regardless of whether they were his councilor. They always responded. He agrees the seat should be filled as there were other applicants that should have been considered. They need to put forward another name.

Walter Kruzel, 21 Charnley Road
Mr. Kruzel stated the District 1 seat was held by a Republican then it became vacant. The procedure is the party that the seat belonged to chooses its successor. It has been like this for many years and is like this on the Board of Education. It should have been a rubber stamp. He feels the questions were inappropriate. He served on the building committee for the high school where he served with Jim Nasuta. He recounted working will with Councilor Kiner in the past and he was of a different political party. He urged the council to vote Jim Nasuta as Councilor for District 1. He commented that the Registrars of Voters worked on the redistricting plan all summer and it is not being voted on.

Ann Marie Nasuta, 44 Play Road
Ms. Nasuta is the spouse of Jim Nasuta. She stated that the meeting notes from the Democratic interview that they proposed and had with Jim did not have all of the answers correct. There was no correspondence from any periodical with her husband to ask him any questions specific to the election or appointment. She feels the press was able to say things he did not say and no one reputed. She finds the process deplorable.

Sandy Hayward, 22 Charnley Road
Ms. Hayward grew up in Enfield and learned about civics and government and it made an impact on her. When she retired she felt it was time to do something for her town. She has been watching and learning. Taxation without representation was one of the reasons the United States was created. Every citizen within a town has the right to be represented by someone in their district. We elect our officials. There was someone put forward to fill Joe Bosco’s seat. It was dismaying to her that he was not chosen. A whole part of the town was left without representation.

Chairman Cressotti declared Public Communications closed.

COUNCILOR COMMUNICATIONS

Councilor Mangini reminded everyone that school starts tomorrow. She urged everyone to be cautious and to watch for school buses. Children are coming from all different directions. Be careful.
Councillor Finger was sad to sell his Harley the other day because he almost got into an accident. He reminded everyone not to text and drive and to watch out for motorcyclists, bicyclists on the side of the road and people crossing the street. He thanked the people who have thanked him. He wants the seat filled as people speak about it being empty each week. We are not a council of ten but a council of eleven.

Councillor Hopkins thanked everyone who attended the community conversation. Important and heartfelt things were shared. He thanked the Town Manager for organizing it. He hopes there are future events where people can speak candidly in a respectful way. He thanked the Social Services Department for staffing the small group portion. He would like to look into how to attract a more diverse pool of teachers to Enfield. There were more suggestions from the group to consider. With regards to the District 1 opening, it is important to understand the rule. The charter states that the council by a majority must seat an open town council seat with a member of that party. The rules past that are just customary and have fluctuated over the years. In this case three candidates applied and were interviewed. Some were basic and some were more sensitive. His question verbatim was “Do you believe that Enfield teachers are grooming students?” He asked because there are toxic conspiracy theories out there. He was not happy with the answer. He wants the seat to be filled.

Councillor Despard reminded everyone that non-governmental employees who worked during the pandemic can go to connecticuessentialworkerrelief.org and apply for up to $1,000 in premium pay. He is proud of the town for having the community conversation. He works with a group called Enfield Surge and they are having a zoom meeting tomorrow night. Anyone interested can go to the Enfield Surge page on Facebook. He is ready to work to fill the seat for District 1 when the Republican Town Committee can put forth other names.

Councillor Cekala wished the kids and parents good luck on the first day of school. She would also like an update from the Town Manager on the security updates in the schools. She thanked the Town Manager for spearheading the community conversation and the Social Services and community leaders who showed up. She hopes it is the first of many that we have. She stated that the minutes were not prevented from being amended and described how to get minutes amended. With regards to filling the District 1 seat, there have been many ways in the past it has been done.

Councillor Ludwick disagrees with Councillor Cekala. He asked the Town Manager to make sure a formal request goes to the Superintendent with regards to the Columbia dug's issue.

Councillor Ungurve is surprised that Jim’s comments were misrepresented and thanked Anne Marie for attending. She attended the community conversation. She was disappointed that she was not approached for planning of the event as she would have liked to assist.

Chairman Cressotti welcomed back the students, teachers, staff and administrators for school starting. He reminded everyone that school buses are out on the road and that the fines for passing the buses with lights on are high. He wants to recognize former Enfield coach and
teacher Cookie Bronage is being inducted into the National Field Hockey Hall of Fame. He also thanked Steve Bieleuda and his staff for all of their work organizing the employee recognition event. It was a great event and he was able to talk to many employees who attended. Chairman Cressotti wanted to welcome the new officers to the Enfield Police Department, Nick Ferracci and Carlos Paris. He also had the privilege and opportunity to speak at the Eagle Scout Court of Honor ceremony and wanted to congratulate Tyler Drouin, Ryan Miller and Aaron Ryan for their accomplishments. With regards to the community conversation, he thought the facilitator was awesome and that the focus was cultural humility. He commented that we can do much better and be much better. He thanked all involved and it was long overdue. He mentioned that our community is changing and that 23% of the townspeople are of color. With change we also have to change. He also indicated that there will be discussions on the topic of opioids. He plans to attend the Wednesday night awareness meeting. It is a community effort. He recognized the Athletic Director, Cory O’Connell for his volunteering as a host to a special Olympian. He also recognized Donald Crabtree for his volunteering at the event. With regards to District 1, he would like to see that seat filled. He reiterated that 6 votes are needed and they do not have 6 votes. There are councilors who live in District 1 that could volunteer to take that seat.

Councilor Ludwick commented that to fill the seat, one of them would have to resign and get voted back in.

**TOWN MANAGER REPORT AND COMMUNICATIONS**

Town Manager Ellen Zoppo-Sassu reviewed that the town has received $13 million of ARPA funds. A large amount of that was allocated through the budget process. $250,000 was given for small business assistance. $200,000 was given non-profit assistance which has not yet been lost. Due to significant cost savings with the Henry Barnard and Enfield Street School parking lots, we are returning $508,000 to the ARPA fund. Three expenditures are being presented tonight which would bring us down to about $880,000. The Town Council can consider other needs within the community that can be funded. $966,529 is currently in the account. If the three expenditures are voted in, they need to be dealt with within the next 18 months. The entire ARPA process concluded by December 2024. There is a chance that additional projects will see cost savings and those would be returned to the fund. There is also a chance that a few projects may see a slight overage. The town is in pretty good shape.

The community conversation did go well but there are other topics to look at, such as the opioid crisis. The emergence of fentanyl in our community and is happening everywhere. There have been a lot of Narcan saves and a significant amount of overdose deaths within the last seven months. From a family standpoint, stigma standpoint, community standpoint and identifying resources, it is likely to be the next topic for a community conversation. Traditionally, for people who are struggling to get or stay in recovery, Thanksgiving, Christmas and New Years is known as the *Bermuda Triangle* in recovery. It would be beneficial to have a conversation in that timeframe.
A plan is being put together that will not violate the premise of which Attorney Ritter discussed with regards to the Public Safety Complex. The price that was given will most likely hold. She spoke with Mr. Nunes and the price that was sketched out and validated by Silver Petricelli is high end and the market fluctuations can realize a significant savings by using different materials.

She provided an update on the issue raised by Councilor Cekala regarding school security updates. A team of school security, police and building and grounds have gone to all of the schools. Each visit takes three to four hours based on the items they need to look at. The report is in process. It will go to joint security and executive session as it has been handled in the past.

Ms. Zoppo-Sassu feels that the council has a lot of items on their table and that a set of minutes is a distraction and not something they should have to deal with. She quickly looked at the minutes and asked for someone to make a motion to bring back the minutes so they can be modified to address the typo on page 6. A second motion could be made to modify the minutes to reflect that the Town Manager Zoppo-Sassu reflected that Mr. Tallarita invited her to the event that she attended because the Congressional Majority Leader of the United States Congress was present in Thompsonville. And in the past she has supported Congressman Courtney through the role that he played in her previous employment at the Connecticut Pharmacists Association via Tricare, PBM’s for pharmacy benefit transparency and many other items. She encouraged them to accept it so that the minutes could accurately reflect that as well as the typo on page 5.

**MOTION #6346** by Councilor Despard, seconded by Councilor Ungire to bring the minutes of the August 8, 2022 Regular Meeting back to the table.

Points of order were discussed.

Upon a **SHOW-OF-HANDS** vote being taken, the chair declared **MOTION #6346** rejected 0-0-10 with all Councilors voting against.

Assistant Town Manager Steven Bielenda provided an update on the accountant position in the finance department. Back in March, he asked for a waiver for the position because the person temporarily placed in that position did not have the requisite degree to satisfy the job description. The waiver was to expire on September 15th. Steve has received the transcript to indicate that she earned her Master’s degree in accounting with a 3.87 GPA. He offered his congratulations to Danielle Mucci in finance department.

Attorney Tallberg announced that on September 15, 2022 there will be a land use workshop co-sponsored by the office of the Town Attorney and the Development Services Department. The workshop consists of basic legal concepts applicable to the volunteers who serve on land use boards. It will take place in the Scitico Room at 7pm and will last 1 hour. It is intended to be a primer for the required January 1, 2023 under PA 21-29 mandatory land use training. Additionally, he also provided an update on the WPCA upgrade. The town finally received
approval of the plan for an earthen berm with sheet pile in it to protect against flood. This will allow the town to finally finish the project by the December 31, 2022 deadline.

REPORT OF SPECIALコミMITTEES OF THE COUNCIL

Councillor Cressotti reported that the Leisure Services Subcommittee met to discuss the resurfacing of the pickleball courts at Twain. There was an option to resurface the courts or replace them. It would cost $300,000 for concrete resurfacing. It would cost $200,000 for a blacktop resurfacing. The lights for the courts would cost $67,000. The resurfacing for the tennis courts would cost approximately $9,500. The committee also discussed putting in a 9-hole disc golf course. Goldy Disc Course Designs prepared a presentation for them. A possible location would be Lafayette Park or the area across from the transfer station. The approximate cost for the project would be between $6,000 to $7,000. The third item discussed by the committee was outdoor fitness stations. Athletic Recreation Director Allison Alberghini brought forth a project for a 7 movement full body workout fitness court. There is a national grant funding award of $36,000 to defray the costs of the project. The full cost of the project would be $135,000. The proposed location for the project would be at the Annex to be close to the Recreation Department.

Councillor Cekala provided an update from the General Government and Finance Committee. The committee met to discuss some recommendations regarding the use of some ARPA funds. One recommendation was to apply a one-time cost of $25,000 to the Social Services Mental Health and Wellness Coalition for their organizational structure to assist in all of their work. Another suggestion would be to apply $10,000 per year for a discretionary fund in order to provide a one-time cost of assistance to individuals and families who need it. Lastly, the committee discussed spending up to $50,000 to hire a contracted grant writer to apply for any funds that Enfield can be eligible to receive.

RESOLUTION #6347 by Councillor Mangini, seconded by Councillor Cekala.

BE IT RESOLVED that the Enfield Town Council does hereby allocate up to $85,000 from ARPA funds in accordance with the above recommendation.

Councilor Pyznar confirmed with the Town Manager that this would be a contracted position capped at $50,000.
Upon a **ROLL-CALL** vote being taken, the chair declared **RESOLUTION #6347** adopted 10-0-0.

**UNFINISHED BUSINESS**

**RESOLUTION #6348** by Councilor Mangini, seconded by Councilor Despard.

BE IT RESOLVED, that the Enfield Town Council does hereby approve the recommendation to retain Berchem Moses, P.C. and to authorize the Town Attorney to negotiate the fee and timeline utilizing the proposed scope in the attached Memorandum of Understanding. Councilor Finger does not feel that the memorandum of understanding is a true memorandum of understanding. It appears to be a list of questions rather than an agreement with signatures. He also does not agree with the way the resolution was written. It was his understanding that the council would be voting on which firm the town would hire for the review. He did not expect to see a specific firm listed on the resolution.

Councilor Ungire stated that the council voted no for this particular firm at a previous meeting. She indicated that the council was told there were no connections to this firm but found out that there are several.

Councilor Pyznar said she agrees with Councilor Finger. She stated that they had a special meeting and interviewed three attorneys. Tonight was to be the vote. She feels there was no transparency.

Councilor Cekala agrees it is not a memorandum of understanding and more of a list of questions. Other councilors would have additional questions and they would be submitted to have a conversation with whichever attorney is chosen for the review. She was not sure of what connections there are but stated there is no actual conflict of interest. She stated that there would be a vote tonight and there are ten equal votes.

**AMENDMENT #1** by Councilor Ludwick, seconded by Councilor Pyznar to replace the name of Berchem Moses P.C. with the Office of Lloyd Langhammer.

Councilor Mangini discussed that the Town Attorney had vetted law firms and came back with this firm based on his legal opinion and expertise. This was not acceptable to the council so they interviewed others. She is upset with the disrespect shown. She is standing behind the staff as they are competent and qualified and will stand behind them.

Councilor Hopkins feels the tax assessment issue is significant and needs to be investigated. He is concerned about getting into a gridlock over the issue and no investigation happens. He feels the questions listed are sufficient to cover the issues raised. He also is concerned about what’s going into the tax assessment here in Enfield. There needs to be a law firm that six people will vote for so that this can move very quickly.
Councilor Finger explained he is upset over the attorney selection process.

Councilor Unghire agrees and stated that an assumption was made before the vote.

Councilor Finger expressed that is why he is upset.

Upon a **SHOW-OF-HANDS** vote being taken, the chair declared **AMENDMENT #1** rejected 3-7-0 with Councilors Cekala, Cressotti, Mangini, Despard, Hopkins and Santanella voting against.

Councilor Despard stated expediency is needed on this. He is prepared to support the resolution.

Upon a **ROLL-CALL** vote being taken, the chair declared **RESOLUTION #6348** adopted 6-4-0 with Councilors Finger, Ludwick, Pyznar and Unghire voting against.

**NEW BUSINESS**

**CONSENT AGENDA**

**MOTION #6349** by Councilor Cressotti to accept the Consent Agenda.

Upon a **SHOW-OF-HANDS** vote being taken, the chair declared **MOTION #6349** adopted 10-0-0.

**APPOINTMENTS/TOWN COUNCIL APPOINTED**

**MOTION #6350** by Councilor Cressotti to appoint Philip Kober (R) to the Inland Wetlands and Watercourses Agency for a term that will expire 06/30/2023.

Upon a **SHOW-OF-HANDS** vote being taken, the chair declared **MOTION #6350** adopted 10-0-0.

**MOTION #6351** by Councilor Cressotti to appoint Julie Cotnoir as Representative to the Central Regional Tourism District for a 3-year term.

Upon a **SHOW-OF-HANDS** vote being taken, the chair declared **MOTION #6351** adopted 10-0-0.

**APPOINTMENTS/TOWN MANAGER APPOINTED/COUNCIL APPROVED** – None.

**APPOINTMENTS/P&Z APPOINTED/COUNCIL APPROVED** – None.

**RESOLUTION #6352** by Councilor Mangini, seconded by Councilor Cekala.
BE IT RESOLVED, that in accordance with Chapter VI, Section 8(f) of the Town Charter, the following transfer is hereby made.

FROM: Capital and Non-recurring Fund
School Paving -- Construction Services    31008501-545000    $50,000

TO:    Capital and Non-recurring Fund
Arch & Engineering-Construction Services  31008853-545000    $50,000

Upon a ROLL-CALL vote being taken, the chair declared RESOLUTION #6352 adopted 10-0-0.

RESOLUTION #6353 by Councilor Mangini, seconded by Councilor Unghire.

BE IT RESOLVED that the Enfield Town Council hereby waives the $72,699.00 in property maintenance fines for the three property maintenance violations that have been corrected at 15 Till Street; and

BE IT FURTHER RESOLVED that the Town Manager or her designee is authorized to execute a release of the property maintenance lien referenced above.

Councilor Hopkins stated this was a recommendation made by the Blight Review Committee. This property has accrued over $70,000 in blight fines. The homeowner is now deceased and the blight issues have been corrected. A family member is now looking to purchase the home and would like the liens released.

Upon a ROLL-CALL vote being taken, the chair declared RESOLUTION #6353 adopted 10-0-0.

RESOLUTION #6354 by Councilor Mangini, seconded by Councilor Despard.

BE IT RESOLVED, that in accordance with Chapter VII Section II of the Town Charter the Enfield Town Council does hereby amend the wage adjustment of the teacher aide position to $15 hour.

Upon a ROLL-CALL vote being taken, the chair declared RESOLUTION #6354 adopted 9-0-1 with Councilor Ludwick abstaining.

RESOLUTION #6355 by Councilor Mangini, seconded by Councilor Cekala.

BE IT RESOLVED, that in accordance with Chapter VI, Section 8(f) of the Town Charter, the following transfer is hereby made.
FROM: Capital Non-recurring Fund
CNR Fund Rev. – FY22-23 31042023-417000  $700,000

TO: Grant Funded Projects
School Rec. Facilities-Construction Services 31008139-545000  $700,000

Councilor Ludwick asked Director of Finance John Wilcox if the money for this project was from the board funding.

Mr. Wilcox explained that the project would be administered by the Department of Public Works. However, the Board of Education has issued a check and it needs to be issued against one of their accounts. The Town has to budget it on our side so that we can administer the project.

Councilor Ludwick recalled that this money was budgeted specifically to address the drainage issues.

Mr. Wilcox explained that there was a plan to resurface the track and this is to enhance the remaining areas of the field.

Councilor Cekala requested a timeline as to when the turn would be done. She also asked as to why this has come up now during football season.

Town Manager Zoppo-Sassu confirmed that the work should be completed by November 4, 2022 to allow for field hockey, soccer and football to be played on the fields at the end of their seasons. A lot of effort was put into the purchase order process. The process was delayed in order to put in all of the paperwork correctly as it is a large project. Work will begin the second week of September. There was some scheduling issues as this work can only be done in certain temperatures. This has to be done now before the cold weather comes.

Councilor Finger asked about the plan to properly maintain the terrain once the project is completed. He understands it is expensive to maintain and wants to ensure that we have the proper people to work on it or it can get ruined. He indicated that there is a trailer in the back of 40 Moody Road with pellets/turf and suggested that it could be used when it comes time to do maintenance. He suggested investing in proper equipment and training for maintenance.

Town Manager Zoppo-Sassu confirmed she will check on the planning and zoning site plan drainage issues as part of the current plan versus the money came before it. She will also check on potential equipment needed and training. She understands that the current field is past its expiration and this is a new type of turf being installed but is unsure of the maintenance involved with it.

Councilor Ludwick inquired about the specifics of the money allocation. He wants to be clear on what the $700,000 is for. He recalls that a deal was made with the Board of Education. The town
would take care of the turf. He thinks the amount doesn’t sound correct for turf with bleachers and locker rooms.

Town Manager Zoppe-Sassu explained the bleachers would be enclosed.

Councilor Ludwick requested a schematic of the plan.

Upon a **ROLL CALL** vote being taken, the chair declared **RESOLUTION #6355** adopted 10-0-0 with Councilor Ludwick abstaining.

**RESOLUTION #6356** by Councilor Mangini, seconded by Councilor Cekala.

BE IT RESOLVED, that in accordance with Chapter VI, Section 8(f) of the Town Charter, the following transfer is hereby made.

FROM: Capital and Non-recurring Fund
School Paving – Construction Services 31008501-545000 $541,000

TO: Capital and Non-recurring Fund
Ballfield Improvements 31008853-545000 $541,000

Councilor Pyznar plans to vote against. She feels the kids should be playing at Enfield High School and the money should be used towards the high school field.

Councilor Ludwick states that the town has put in close to $1,000,000 into Powder Hollow Park. He stated that this money should be rolled back into the general fund to be used to address other issues. Spending another $500,000 on Powder Hollow seems excessive.

Councilor Cekala stated that she would support this. She suggested it would cost millions of dollars to fix the drainage at the school and recalls that over the past several years work was being done to try to figure out a way to get it done. She wanted to also mention the issues regarding the fencing. It needs to be moved in order to make it a legitimate field. While it is not on the list, it’s important to mention. In addition, she hopes that some of the estimates come in really low so bathrooms can be considered in the plan.

Town Manager Zoppe-Sassu confirmed that a bathroom will be included within the concession stand.

Councilor Cressotti stated he was in support of this and it was long overdue. The town lacks a sufficient baseball facility so work needs to be done at Powder Hollow Park. He has concerns about the safety of the dugouts. Money was initially set aside for the project and this is a change order to make it a really good facility.
Councilor Hopkins stated that this is not an insignificant amount of money. While the money can be used towards many other projects, he feels this one is an economic driver for the town. He also stated it is important to ensure the facility is properly maintained to get the best bang for our buck.

Councilor Finger stated he is against this proposal. He visited the park and explained the deficiencies he saw. He was not aware that the park was intended to be used as the High School’s playing field. He asked why the town is not using the fields at the Annex. It is his opinion that repairs such as this should not cost over half a million. He agrees to repair some things and build a new concession stand but not this current plan. Additionally, he wanted the Mayor and Town Manager to make note of the dead tree by the concession stand and the signs indicating to beware of poison ivy.

Councilor Cekala clarified that Ascutney Community College’s diamond is 57 feet. There is no 60 foot diamond so they can’t play there. JFK has been playing at the Annex because their fields are not ready yet.

Upon a ROLL-CALL vote being taken, the chair declared RESOLUTION #6356 adopted 6-4-0 with Councilors Finger, Ludwick, Pyznar and Ungnire voting against.

RESOLUTION #6357 by Councilor Mangini, seconded by Councilor Cekala.

BE IT RESOLVED, that in accordance with Chapter VI, Section 8(f) of the Town Charter, the following transfer is hereby made.

FROM: Capital Non-recurring Fund  
CNR Fund Rev. – FY22-23 31042023-417000 $ 827,000

TO: Capital Non-recurring Fund  
Tennis Courts-Construction Services 31008801-545000 $ 827,000

Councilor Pyznar stated she recalls the budget originally allotted $600,000 and this resolution requests $827,000 and wanted clarification on the difference.

Town Manager Zoppo-Sassu commented that Director of Finance John Wilcox is better suited to answer and that the total project is $850,000.

Mr. Wilcox understood the entire project to cost $850,000. The school is going to pick up the $827,000 that was appropriated this year and the town set aside $23,000 in last year’s budget and we did a transfer. There were original estimates that Donald Nunes thought would cost $600,000.

Councilor Pyznar expressed she had a difficult time accepting $600,000 as the estimate.
Mr. Wilcox didn’t want to comment further as he doesn’t know what is involved in the total project.

Councilor Ludwick would like schematics to show exactly what is being done with the money. It doesn’t make sense to him why it would cost more than the two parking lots with greater square footage to be done cost.

Councilor Hopkins agrees with Councilor Ludwick’s concerns. He would like additional information.

Town Manager Zoppo-Sassu confirmed that it would be a complete replacement of all of the tennis courts, which are of the highest use in town.

Upon a ROLL-CALL vote being taken, the chair declared RESOLUTION #6357 adopted 7-3-0 with Councilors Ludwick, Pyznar and Unghire voting against.

MOTION #6358 by Councilor Mangini, seconded by Councilor Despard to adjourn.

Upon a SHOW-OF-HANDS vote being taken, the chair declared MOTION #6358 adopted 10-0-0 and the meeting stood adjourned at 11:13pm.

Respectfully submitted,

Kenzy Lee
Clerk of the Council
Deputy Town Clerk

Honorable Member
Enfield Town Council
Enfield, Connecticut

Subject: Resolution increasing the Registrar of Voters Election Workers rate per hour.

Councilors:

Highlights:
- The State has passed a statute increasing the Minimum wage to $15+ dollars an hour. Thus, over the last few years we have been requesting these types of gradual increases in order to completely comply.
- We are severely underpaying these temporary Election Day Workers compared to other Municipalities.
- Election Day Workers as listed below will be increased $1 per hour:
  - Moderators, Assistant Registrars/Moderators, Checkers, Ballot Clerks, Demonstrators, Tabulator Tenders and Head-Moderator.
- These employees work from 5pm until 7pm the night before an election and then back again at 6:30am the next morning until approx 9pm on Election night. This demonstrates a fantastic commitment by these employees who should be compensated accordingly.

Budget Impact:

There is no budget impact, as these increases were included in the 2022/2023 Municipal budget, that was passed by the Town Council in May of 2022.

Recommendation:

It is recommended that the Town Council adopts the attached resolution.

Respectfully Submitted,

WPC:

June 2022 The daily average effluent flow for the month of June was 3.6 MGD and the total effluent flow total for the month was 109 million gallons. All NPDES permit requirements met.

The Town of Manchester notified us that they are no longer accepting wastewater treatment facilities screenings and grit at their landfill. They were the last landfill in the state of Connecticut accepting this type of waste stream. We are in the process of having our screenings changed from a special waste to municipal waste thus allowing us more options for disposal and we are working with the DEEP to determine how we will dispose of grit.

We had a power loss incident occur at the plant, this resulted in numerous systems shutting down that required several of our staff to come in and restart the systems. Blower number two and WAS pump number three lost communications to our SCADA system. We were able to get blower two back online with the help of the manufacture. We are having difficulty finding a replacement card for the WAS pump because of the computer chip shortage.

We assisted the Highway department for a storm water collapse on Play Road. Our team performed an inspection of the system that required a confined space entry.

Collection System – May 2022:
Sewer calls: 4
Manhole Inspections: 93
TV camera: 12,596 feet
Sewer Jetting: 14,537 feet
Call Before You Dig: 212

Lift Stations: The South Maple Street generator failed to run during routine testing a day before possible thunderstorms were forecasted. RRM and our staff installed one of our portable generators, the following day we had a power outage at this location without incident. It was determined the alternator went bad, being an older generator our contractor who maintains our generators is having difficulty finding a compatible replacement. Sparkle Street experienced an ASCO valve failure. We performed a confined space entry to replace the valve.

July 2022 The daily average effluent flow for the month of July was only 3.2 MGD and the effluent flow total for the month was only 100.5 million gallons. All NPDES permit requirements were met. As mentioned in last month’s PAR the Town of Manchester as of September 2022 is no longer accepting wastewater treatment facilities screenings and grit at their landfill. They were the last remaining landfill available in our state that accepted this waste stream. With a few modifications to our existing equipment, we can reclassify our screenings from the special waste category and change it to the municipal category. However, we are in the process to determine what to do with the grit that is generated because it is in the special waste category.

We received an alarm that the main building’s basement was flooding. Upon investigation we found our potable water backflow preventer had failed and flooded the basement with approximately two inches of water. The basement does have sumps with pumps, but they were
quickly overtaken by the sheer volume of water. We quickly isolated the unit and were able to acquire the parts necessary to repair it inhouse.

The new cover for structure two finally arrived, we placed the order for it in late 2020. When it arrived, it did not fit as the contractor or perhaps the manufacturer did not measure it correctly. The contractor was able to make modifications to the structures foundation to make it fit.

**Collection System – July 2022**
- Sewer calls: 7
- Manhole Inspections: 53
- TV camera: 6,291
- Sewer Jetting: 4,836

We responded to a decent sized sink hole that occurred at Enfield Street Elementary School. An inspection of the lines found a section of the pipe collapsed with several more sections in extremely poor shape. We replaced a total of 370 feet of 8-inch sewer main. During routine sewer cleanings and inspections, we discovered a large section collapsed sewer pipe located on Woodard Avenue. We replaced the failed sewer main and several laterals.

**Lift Stations -** We worked with Huntington Power and performed routine generator maintenance to all our lift stations. Also, we had to replace a failed pump with a new one at High Meadow.

**August 2022** The daily average effluent flow for the month of August was only 3.0 MGD and the effluent flow total was only 93 million gallons. All NPDES permit requirements were met.

We are very pleased to announce that two of our operators in training have successfully passed the grade one wastewater operator exam. We have another operator in training scheduled to take the exam in September.

Originally, we had scheduled the cleaning of our western grit channel in mid to late October. We opted to complete this task in August because the Town of Manchester is permanently closing its landfill to wastewater treatment facilities in September of this year. The Eastern grit channel cleaning is scheduled to occur in April of 2023, and we are in the process of finding a new disposal site for the grit.

**Collection System – August 2022**
- Sewer calls: 5
- Manhole Inspections: 97
- TV camera: 13,111
- Sewer Jetting: 12,284
- Call Before You Dig: 168
- Confined Space Entry Permits: 11

During routine maintenance for the sewer main located on Laurel Street we discovered an object that did not belong. It was a difficult task to remove it and required several confined
space entries. The object turned out to be an intact fifty-foot length of garden hose that someone managed to get into the sewer main.

We worked with Hinkley construction and made repairs to a manhole and replaced a failing lateral on Roseland Avenue.

Lift Stations: Last year at the Grape brook Lift station we upgraded the grinder with new technology to reduce pump failures caused by flushable wipes. This has significantly reduced the amount of pump failures at this location. We have scheduled to upgrade the Simon Road and South Maple Lift stations with the same technology in September.

SOCIAL SERVICES:
Child, Youth & Family ECDC
The Child Development Center is currently serving 200 children. The CDC has had a busy summer. Some field trip locations included: Auerfarm, Jumpin’ Joeys, Sonny’s Place, The CT Science Center, Spare Time and the East Windsor Reservoir.

Our Toddler and Pre-K programs collaborated with other divisions in town; one of the town’s librarians for story time, and our school-age program used the Fire Department’s Smoke House to learn how to safely evacuate in a fire.

Two staff members have retired after many years of service to the town. Joanne Brunette retired in July after 16 years of service as a Full-Time Aide, and Cindy Pillion retired in August after 20 years working as an Assistant Teacher.

In August our playground re-surfacing project was completed, and the children are now enjoying their new poured rubber play surfaces and climbers. This project was made possible through COVID funds.

ECDC participated in a full day training on Conscious Discipline. This training taught the staff how to teach children the social-emotional and communication skills necessary to manage themselves, resolve conflict, prevent bullying, develop pro-social behaviors, and to become more conscious of their reactions to conflict.

Family Resource Centers
The FRCs continued in-person Learning through Play Groups for children ages birth-five and their families through July at both our Barnard and Stowe sites. A total of 8 weekly in-person groups were offered. 77 adults and 88 children attend in-person groups. We were excited to invite school age siblings to participate in our outdoor water play activities when the school year ended in June. This increased our attendance to 100 children participating during that time. We were also able to continue with a weekly Learning through Play group at the Children’s Reading Room at Asnuntuck Community College on Fridays.

The Parent Educators offered a one-week preschool camp during the last week of July. This camp was open to FRC participants who would be heading to preschool in the fall for the very first time. The camp gave children an opportunity to experience what it would be like to separate from their parents, be in a classroom setting and have time to play and learn with friends. We had 17 children attend the camp.

The FRC in partnership with KITE and The Enfield Public Schools offered a two-week camp at the beginning of August for kids entering Kindergarten in the fall. The children who attended had no prior preschool experience or limited preschool experience. We were able to have two Kindergarten teachers from the district each lead a classroom and give the children an opportunity to see what a Kindergarten day would be like to make their transition into kindergarten smoother. We were able to include “specials” in their daily schedule such as; music, art, library time and then ending each week with an in-house fieldtrip provided by Riverside Reptiles and Forest Park Zoo on the Go. Each child was provided with a backpack
filled with supplies. They were also given a themed kit to take home at the end of each week that included a book and play activity to encourage continued learning at home. We had 38 children attend the camp which the Parent Educators assisted with planning and coordinating. 100 percent of families completing a final survey shared that the camp provided skills that will help their children transition to kindergarten.

The FRC staff attended the ERFC Summer Celebration on the Town Green in Enfield on Saturday, August 13th from 9am to 2pm. It was a well-attended event by many families in Enfield and allowed us to share information on our programs offered.

Our Parent Educators have been preparing for fall playgroups to begin mid-September. We are excited to share that our FRC newsletter is back, and we are able to offer bonus play events for families to participate in, in addition to attending playgroup once a week.

Adult & Elderly Food & Nutrition
During the summer the kitchen staff at ECDC served about 240 people. School has started and we will be serving around 300 people. We are still looking to hire a Facilities Assistant. Due to the food shortage, we are still having issues providing the students with a variety of foods. The supplies shortage has improved but there are still some items that we cannot receive. Mark Twain weekday program is currently serving around 34 residents. We have hired a Site Manager for the weekday program. We are currently still delivering and serving in the dining room. We deliver around 17 to 20 meals and we serve around 14 in the dining room. Mark Twain weekend meal program is serving 30 to 35 residents.

Elderly Services Care Coordinator
Over the past few months, the Elderly Services Care Coordinator (ECSS) attended 4 training webinars for serving elderly communities and assisting individuals in seeking housing, 13 CHOICES assistance sessions, and encountered 107 individuals from the community (19 of which are ongoing) and attended a 5-day Crisis Intervention Training (CIT) with members from the Enfield Police Department. Referrals were received through emails from other social service staff and Enfield Police Department, Fire Department, EMS, and the Senior Center. Many of the Enfield residents that contacted the ECSS number were seeking assistance with finding a home health agency, understanding Medicare/Medicaid paperwork, seeking assistance in caring for individuals suffering from dementia, needing assistance with navigating/applying for the services provided in the Directory of Senior Citizen Services booklet, and most commonly; looking for assistance with affordable housing.

Case Examples:
ESCC worked with a resident that had left Baystate against medical advice (AMA) to return home with no home health services. The resident was recovering from a fall that was caused by excessive alcohol consumption, which resulted in bruises and lacerations on his arms and head. When working with the resident and their relatives, it was clear that they could not remember the date, time, or my name, and forgot about the bandages on his arm when his sister tried to change them. ESCC assisted the resident in calling their personal care physician (PCP) and scheduling an appointment as a follow-up for their AMA from Baystate. Coordinated with resident’s relative to ensure care occurred. ESCC provided follow-up and confirmed that home health services were set to start in the coming days.

ESCC was contacted by a 64-year-old, disabled resident that is living in a relative’s home that had passed away and is currently pending a short sale as they could not afford to maintain it on their own. This resident was assisted with 4 housing authority applications as well as 1 for the Mark Twain Congregate Housing, of which the resident is now on the waiting list for. ESCC is still working with this resident towards achieving potential housing and is contacted multiple times a week for follow-up.

ESCC informed that the home of a 65-year-old disabled resident was tagged for being unfit for human habitation. The ESCC worked with the tenants to secure safe temporary housing at a hotel and communicated with the landlord concerning timely repairs. The ESCC coordinated with the building department and landlord to ensure residents were able to return safely to their home once repairs were made.
Transportation
Magic Carpet provided the following rides: in June there were 3255 rides, in July there were 2987 rides and in August there were 3456 rides. Ridership continues to increase partly due to free fares and as people are getting back to work and leisure activities. Dial-A-Ride provided 1055 rides in June, 943 rides in July and 1168 rides in August. Enfield Transit provided Transportation for the following events: Fourth of July Parade, Vehicle Day, and the Annex Pool on the weekends. Hours have had to be temporarily reduced for Magic Carpet as we are actively recruiting for cdl drivers.

Care Coordination Clinical Care Coordinator
The Clinical Care Coordinator has continued to meet with all direct care staff for regular supervision regarding cases. The Care Coordination team also meets twice a month to review cases as a group.

A focus of the summer has been working with law enforcement partners on reviewing Juvenile Review Board Policies and Procedures and updating them to be more in line with the best practices outlined by the Connecticut Youth Services Association. This will allow us to more effectively and efficiently serve Enfield youth and families referred diversion from court.

The CCC coordinated a number of trainings for staff through Riverside Trauma Center in June. Direct care social services staff attended an advanced trauma informed care training on June 28th and all Department of Social services staff attended a training on June 29th entitled “Fostering Resilience”. These trainings highlighted the ways staff can best respond to and support residents' needs as well as to prioritize self-care in the helping field.

Over the summer CCC interviewed and on boarded 2 master's level social work interns that will be completing their internship hours with the Department of Social services for the 22-23 school year. These interns will assist with direct service as well as projects within the department, under the supervision of the CCC.

The CCC coordinated crisis response outreach to three families since June who experienced the sudden or traumatic loss of a loved one. The CCC and department staff also provided 3 days of outreach support to Loaves and Fishes in the aftermath of a death of a homeless individual. The following week, the CCC provided two sessions of QPR (Question, Persuade, Refer – suicide prevention training) to Loaves and Fishes staff and volunteers. This gatekeeper training trains anyone on how to recognize the signs of someone in mental distress, how to question and talk to them and how to get them to appropriate care.

**Enfield Together Coalition**

In June, the Enfield Together Coalition had their last management team meeting and general membership meeting of the year, before pausing for the summer months. On June 28th the ETC membership came together for an ice cream social to celebrate a year of accomplishments and to discuss any programming / events happening over the summer.

The social service prevention staff had their CDC CARA/DFC Site Visit on June 29th. The staff presented information regarding the work of the two grants and their financials to the federal officers: answering questions and addressing concerns of the federal officers regarding spending and action plan completion. The site visit went well and received favorable reviews. ETC also attended the Enfield July 4th celebration with Alex’s Army hosing the Hidden in Plain Sight trailer.

ETC started an Ad Hoc workgroup to work on restructuring the ETC, revising mission and vision statements, as well as creating formal documentation around roles and responsibilities and workgroup expectations to use moving forward as formal bylaws. The group utilized the CVAT results previously gone over to propel this initiative.

ETC attended the Asnuntuck Student Orientation and Welcome Week for 2 days providing new students with substance prevention and mental health promotion materials.

ETC provided handouts to Alex’s Army to utilize during the International Overdose Awareness Event at Enfield Congregational on August 31.

ETC collaborated with the Close Community (coalition) out of East Longmeadow and the Enfield Police Department to complete vape compliance checks on August 11. The purpose of the exercise was to educate the public regarding purchasing tobacco products for underage persons. No enforcement action was taken as a result. The two youths approached 68 different customers who were entering the store and requested that they purchase vaping products for them. Of the 68 spoken to 14 had agreed to make the purchase. Each person encountered was given a pamphlet from Close Community out of Longmeadow and the Enfield Together Coalition as well as a $5 Dunkin gift card provided by the Enfield Together Coalition.

**Grants & Performance Management**

The Grants & Performance Manager (GPM) is working to implement Apricot across DSS. Initial beta testing began with the front office @Alcorn to capture the volume and type of service requests.

### TOWN CLERK:
**Connecticut Town Clerk Certification:** During the second week of September, the Town Clerk and Deputy Town Clerk will attend the semi-annual Town Clerks Conference where Deputy Town Clerk, Kenzy Lee, will be presented with her Certified Connecticut Town Clerk accreditation.

Per C.G.S. §7-22a, a Certification Committee was created to establish a training program for certification of Town Clerks, Deputy/Assistant Town Clerks, and other Town Clerk staff. The requirements of becoming certified involve successfully completing five training modules, i.e., Municipal Records Management, Land Records, Elections, Vital Statistics, and Miscellaneous Records and Other Duties; a minimum of two years of working in the municipal clerk field; and successfully passing a written final exam. Congratulations, Kenzy Lee!
YTD Revenue Collection: Despite the rise in interest rates, land records continue to be remarkably busy. Our office has collected $1,042,745 total revenue YTD compared with $928,934 during this same period last year.

Connecticut State Library Preservation Grant: In July, the Town of Enfield received grant funds from the Connecticut State Library’s Preservation Grant Program to assist us in becoming current with our state-mandated land records audit. Enfield has traditionally conducted the land records audit one year in arrears, potentially leaving an indexing error unidentified and uncorrected for one full year. We are happy to report that by collaborating with our outside auditor, the land records audit is currently completed through May of 2022, helping to ensure that attorneys and title searchers have access to the most accurate land records indexing data possible. The goal is to have all land records audited and identified errors corrected within a month following receipt.

Absentee Ballot Assistance Grant: The State of Connecticut has released grant funds to every town in the state to assist with what is once again anticipated to be record-breaking usage of absentee ballots during the November 8, 2022 Election. Enfield’s grant of $11,492 will be used to hire temporary help, purchase additional election supplies, as well as for additional ballot printing and postage. The Secretary of the State will finalize the list of candidates in mid-September at which time the Town Clerk will place the ballot order.

Absentee Ballots: Absentee ballot boxes have been opened and residents may utilize them to drop off their absentee ballot applications. Applications can be downloaded from our website as well as the Secretary of the State’s website. The ballots themselves will become available on October 7, 2022.

RECORDS MANAGEMENT:
State Electronic Records Policy and Standards: The Records Manager continues to work with the State Public Records Administrator to develop and review the proposed Electronic Records Policy and Standards. The Records Manager, Building Inspector, IT Director as well as IT staff reviewed, discussed the proposed policy, and determined that because of proactive planning on behalf of our IT Department, the Town of Enfield is already prepared and able to comply with the proposed Policy and Standards. Information was shared with the State Records Administrator to assist in the development of statewide policies and standards.

Building Department Scanning Project: Records Management continues assisting the Building Department with its scanning project by scheduling the return of the original, scanned Building records to the Town Annex. On July 13th, Records Management, along with Linda Campbell (Building Permit Technician) and Adam (Annex Building Custodian) received and moved into storage eight pallets of scanned records. The boxes are currently stored at the Annex until the records can be removed from the boxes and returned to the filing cabinets stored at the Annex.

Planning Department Remodel: The Director of Planning contacted Records Management to assist them during the remodel of their office to create new workstations for a new Planner and a new Administrative Assistant. Disposals were drafted for eligible records and duplicate non-records were identified and disposed of. Records were removed and archived, which allowed for enough room to create space for the new cubicles.

Title: Resolution to Approve a Two-Year Collective Bargaining Agreement With the Enfield Police Employees Association (Police Union)

Highlights:
- In May 2022, contract negotiations for a successor collective bargaining agreement commenced between the Enfield Police Employees Association (“EPEA”) and the Town of Enfield.
- The Police Union represents approximately 98 employees including Animal Control Officers.
- To address the Town’s lagging wages compared vis-à-vis to other Hartford county police departments, the Town agreed to a one-time wage adjustment of .96 cents/hr. for all bargaining unit positions. In addition, this contract offers a 3.25% wage increase for FY 22-23 and a 3.25% wage increase for FY 23-24.
- In addition, the Town made some health insurance changes regarding Health Savings Account contributions consistent with the other union agreements and slightly modified the drug use policy.
- The Union majority ratified these contract changes 54-1 in favor on August 19th, 2022.
- Consistent with the Town’s 10 day posting policy, this drafted contract was posted on the Town’s HR website and with the Town Clerk’s office on September 8, 2022.
- To meet the statutory deadline, the Town Council must act on this contract no later than September 19, 2022 or else this contract will be deemed “approved” under § C.G.S. Sec. 7-474.

Budget Impact:
The estimated net increase to the budget over a two-year period is $551,981 dollars or averaged approximately to 3.25% annually.

Recommendation:
That the Town Council approve the attached Resolution.

BE IT RESOLVED that the Enfield Town Council does hereby approve the two (2) year collective bargaining agreement between the Town of Enfield and the Enfield Police Employees Association (“EPEA”) dated July 1, 2022, through June 30, 2024.

The Town also reserves the right to have an examination made at any reasonable time of any person claiming absence by reason of sickness; such examination may be made when the Town deems the same reasonably necessary to verify the sickness claimed and may be made on behalf of the Town by any competent person designated by the Town. At the end of this period such supplemental benefits shall cease. Sick leave benefits will no longer accrue after 30 calendar days on worker’s compensation (exclusive of heart and hypertension claims). The supplemental pay for part-time Animal Control Officers shall be based on the number of their regularly scheduled hours.
ARTICLE 13 - MILITARY LEAVE

SECTION 1. Military leave shall be granted, not to exceed thirty (30) days in any calendar year, to regular employees when required to serve on active duty with the military reserve or the National Guard. Department seniority shall commence from the date the police officer entered into the service of the Enfield Police Department as a regular, full-time member and thereafter maintains consecutive years of service. Consecutive years of service shall not be broken by vacation time, temporary layoff, sick time, or any approved leave of absence or suspension. When more than one (1) officer is appointed to the department on the same date, the departmental seniority of such appointees shall be determined by their relative positions on the eligibility list.

SECTION 3. Classification seniority shall commence from the date of the appointment of an employee into a job classification. Consecutive years of service shall not be broken by vacation time, temporary layoff, sick time, any approved leave of absence, or suspension. In the event of a reduction of the number of Animal Control Officers, part-time employees shall be laid off first in the inverse order of seniority based upon their date of hire.

**SECTION 5A.** In the event of a reduction of manpower within divisions or classifications, and this reduction is not made voluntarily by the employee, said reduction shall be by seniority with the least senior employee in said division or classification being eliminated first, and so on down the line. Further if said employee is returned to the patrol division, said employee shall have the option of trading his classification or division seniority in for equal amount of patrol seniority, thereby returning to his patrol slot held prior to entering said division or classification. Once division or classification seniority is traded in, it is lost and cannot be regained unless the employee starts at the bottom of the seniority list in said division or classification.

**SECTION 6.** The established seniority list of the Enfield Police Department shall be brought up-to-date July 1 of each year, and a copy of this list shall be delivered to the Union ten (10) days prior to the effective date of this contract and annexed to this contract. Any objection to this list shall be made during this ten (10) day period to the Executive Board of the Union.

**SECTION 8.**

a. Transfers within divisions will be instituted by the Chief of Police or his designee according to the needs of the department. These transfers are not considered promotions and are on a voluntary basis. officer working 16 hours during a 17 consecutive hour period over two consecutive days, the hours worked over 8 hours will be paid at time and one-half.

c. In determining temporary transfers to other divisions, candidates MUST MEET position classification requirements and requirements UNDER SECTION 8.a.

writing, setting forth the amount that the employee has contributed toward the Pension Plan, together with any interest thereon.

**SECTION 4.** The Union shall designate two (2) members to meet semi-annually with the Director of Finance and the Director of Human Resources to review information relative to retirement and pension benefits.

**SECTION 5.** Employees who retire after the issuance of the arbitration award in SBMA Case No. 2003-MBA-33, who worked for the Town until age 55 or later, will receive a two percent (2%) cost of living allowance (COLA) added to their pension benefit commencing once they reach age 62, and a two percent (2%) COLA annually thereafter. For calculation purposes, retired employees will receive their COLA on the first of the month immediately following their birthday. For example, if a retired employee’s 60th birthday is on July 1st, he will be receive his COLA effective August 1st and annually on that date thereafter.

**SECTION 5A.** Employees who retire on or after ratification of the 2018-2022 Agreement, have achieved normal retirement, and have 20 or more years of service but less than 25 years of service, will receive a two percent (2%) cost of living allowance (COLA) added to their pension benefit commencing once they reach age 60, and a two percent (2%) COLA annually thereafter. Employees who retire on or after ratification of the 2018-2022 agreement, have achieved normal retirement, and have 25 or more years of service, will receive a two and one-half percent (2 ½%) COLA added to their pension benefit commencing once they reach age 60, and a two and one-half percent (2 ½%) COLA annually thereafter. For calculation purposes, retired employees will receive their COLA on the first of the month immediately following their birthday. For example, if a retired employee’s 60th birthday is on July 1st, he will be receive his COLA effective August 1st and annually on that date thereafter.

**SECTION 5B.** Employees who retire on or after ratification of the 2018-2022 agreement and have 30 or more years of service, will receive a three percent (3%) COLA added to their pension benefit commencing once they reach age 60 and a three percent (3%) COLA annually thereafter.

For calculation purposes, retired employees will receive their COLA on the first of the month immediately following their birthday. For example, if a retired employee’s 60th birthday is on July 1st, he will be receive his COLA effective August 1st and annually on that date thereafter. Consistent with Section 8 of this Article, individuals who DROP are eligible for this benefit.

**SECTION 6.** For pension benefit computation purposes only, for any employee covered under the Police Pension Plan who retires after June 30, 1992 and on or before June 30, 1993, the final salary used to compute his/her retirement benefit shall be the rate of pay such employee who have received on July 1, 1993 had
he/she not retired. This provision is effective only if the rates of pay defined in Article 5 Section 1 remain frozen for fiscal year 1992-1993.

SECTION 7. Effective as soon as practical following the issuance of the arbitration award for Case No. 9192-MBA-343 and to the extent allowable by law, employee contributions toward the Police Pension Plan will be treated as Section 414(h) pre-tax contributions.

SECTION 8. DEFERRED RETIREMENT OPTION PLAN (DROP)

A. The Deferred Retirement Option Plan will be offered only to bargaining unit employees (“employees”) employed on or after July 1, 2011. The DROP is intended to provide an alternative retirement option to employees who are eligible to retire. The Town and Enfield Police Employees Association agree that the DROP is considered to be cost-neutral as confirmed by the Town’s actuary.

B. An employee, who is a member of the Retirement Plan for full-time employees of the Police Department of the Town of Enfield, is eligible for the DROP Plan upon completing:

The employee must provide the Town with at least 60 days advanced notice, in writing, that he/she has elected the DROP. No employees may elect the DROP after completion of more than (35.25) years of Credited Service.

C. Any employee electing DROP will be considered retired with respect to the Pension Plan but will not have separated from Town service. Notwithstanding any other provision within the pension plan to the contrary, a member does not need to leave Town service to qualify for pension benefits as long as that member has elected DROP. The employees who have elected the DROP may remain in Town service at their current rank, with all the benefits of their Collective Bargaining Agreement, including promotional opportunities, through and including the completion of their DROP period.

D. The DROP period is defined as the time after the employees have elected the DROP commencing on the date of the first payment to the DROP through the date that the member separates from Town service.

E. No further pension benefits will accrue after the DROP effective date.

F. When employees elect the DROP they will be entitled to all the benefits they would have received under the normal retirement provisions of the pension plan (during the DROP period) with the following exceptions:
(a) During the DROP period the employee’s monthly pension payments will be made to the employee’s separately designated DROP account established for the benefit of that member. During the DROP period, the monthly pension payments will depend on the DROP factor listed below. The DROP factor is multiplied by the monthly pension to determine the benefit during the DROP period:

<table>
<thead>
<tr>
<th>Age</th>
<th>DROP Factor</th>

</thead>
<tbody>
<tr>
<td>45-55</td>

</tr>
<tr>

</tr>
<tr>

<td>76.6%</td>
</tr>
<tr>
<td>65</td>
<td>75.0%</td>
</tr>
</tbody>
</table>

Age will be calculated in years and completed months as of the DROP date. For non integer ages, interpolation will be used to calculate the DROP factor.

An example is follows:

<table>
<thead>
<tr>
<th>Date of Retirement:</th>
<th>January 1, 2012</th>
</tr>
</thead>
<tbody>
<tr>
<td>Date of Birth:</td>
<td>February 12, 1956</td>
</tr>
<tr>
<td>Participant is Age</td>
<td>55, 10 months, 19 days. Therefore the Town will round to age 55 and 10 months. (10/12 X 89.4% + 2/12 X 91% = 89.7%)</td>
</tr>
</tbody>
</table>

Upon separation from Town service, the monthly pension payment shall increase to 100% of the monthly pension as of the DROP date, as though the member had retired and not elected the DROP.

(b) During the DROP period, the employees will continue to make the same employee contributions from earnings while employed with the Town as was in effect at the time the DROP was elected by such employee. These contributions are made to the pension fund, not the member’s separate DROP plan account.

(c) Commencement of the COLA waiting period is based on the date the employee physically separates from Town service, not the DROP date. Service during the DROP period will count towards COLA eligibility.

G. Any member who has elected and commenced the DROP may not withdraw unless the member separates from Town service.

H. The minimum length of DROP will be one (1) year and the maximum length of the DROP will be five (5) years. Upon electing the DROP the employees will select the length of his/her respective DROP. Under no circumstances will an employee be credited with more than 36.25 years of service.
I. Any member who has elected the DROP may separate from Town service at any time during the DROP period and such separation will mark the termination of the DROP period and the commencement of normal pension benefits at 100%. The length of the DROP period will be the lesser of a or b:

a) 36.25 years less service at the DROP date
b) 5 years of service

(For example, an employee with 32.25 years of service can only DROP for 4 years, an employee with 33.25 years of service can only DROP for 3 years, an employee with 34.25 years of service can only DROP for 2.25 years, so on and so forth.)

No members will be allowed to continue working for the Town of Enfield (in their capacity as a police officer) after the completion of their respective DROP period.

J. The Town will select an Administrator through the Ordinance Bidding process to custody the funds for all members who elect the DROP. The choice between investment vehicles offered by the administrator shall be with the bargaining unit member. The cost of such custody administration will be paid for by members as an account charge. Upon completion of the DROP period, the member will be considered a retired employee and will receive non-adjusted payments (100% of their Normal Retirement benefits as accrued on the DROP effective date plus a lump sum equal to the DROP accumulation). The lump sum will be made available to the employee/member within a reasonable period of time after the member terminates service with the Town.

K. If a member wants to DROP but is not eligible pursuant to the rules in this DROP plan, the member may obtain an individual quote under the following conditions:

1. The member pays the entire cost of obtaining a quote; and,
2. The impact of implementing the DROP plan for the member is “cost neutral” to the Town of Enfield; and,
3. The DROP plan is implemented using the same assumptions as described in the DROP plan.

PARTIAL LUMP SUMP (PLUS) OPTION

In lieu of receiving a pension in the form of an annuity, employees retiring on or after July 1, 2011, may elect a Partial Lump Sum Option whereby a portion of his/her pension benefit will be paid as a lump sum benefit upon retirement from the Town. The amount of the lump shall be equal to 10% of the actuarial present value of the benefit as determined by the Town’s actuary. In addition, the new retiree will receive 90% of his/her retirement benefit as an annuity. Upon the death of the retired employee, the monthly benefits that the retired employee was receiving shall be continued for an eligible dependent, if any, as described in the Town of Enfield Police Pension Plan. The guidelines for determining the Actuarial Present Value are below.

Actuarial Present Value

- The assumptions are based on the July 1, 2010 Police Actuarial Valuation
- Interest Rate – 8%
- Mortality Table – RP 2000 Unisex Mortality
• In order to produce the same actuarial present value factors for both male and female officers, unisex mortality was used. The blend was based upon census demographics provided by the Town. The blend assumption is 89% male, 11% female.
• Cost of Living Adjustment – Based upon the police officer’s eligibility
• Current Table – A table of factors as of July 1, 2011 is below:

Interpolation will be used to determine the exact factor to be used. The factors will be based upon years and completed months. The Town will round all factors to four decimal places.

An example is below:

• Date of Retirement: January 1, 2012
• Date of Birth: June 17, 1957
• COLA Eligibility: None

For this example, the participant is age 54, 6 months, and 14 days. Therefore, the Town will use age 54 and six months for the calculation.

• Age 54 factor from Table = 10.8964
• Age 55 factor from Table = 10.7597
• Age 54 and 6 months = .5 x 10.8964 + .5 x 10.7597 = 10.8281

ARTICLE 25 - PERSONAL LEAVE

SECTION 1. The Town shall provide three (3) personal leave days in each fiscal year to each regularly employed and sworn officer of the Department to be used according to current practice so long as each officer retains at least ten (10) unused sick leave days credited to him or her. Employees with at least fifteen (15) unused sick leave days credited to him/her may not be denied use of said three (3) personal leave days, except:
a) For the following holidays: New Year’s Day, Easter, Memorial Day, July 4th, Labor Day, Halloween, Thanksgiving, Christmas Day, New Year’s Eve;
b) For the following occurrences: July 4th festival, protests, large group gatherings where public safety is a concern, and serious weather forecasts; or
c) In the event of an emergency defined as a situation that cannot be anticipated by at least four (4) hours. Parades, without any unusual safety concerns, vacations, and elections do not constitute emergencies.

ARTICLE 26 - EFFECTIVE DATE

SECTION 1. This Agreement shall be effective upon ratification by the Town Council on August 4, 2020, except as otherwise provided herein.

ARTICLE 27 - SAVING CLAUSE

SECTION 1. Should any Article, Section or portion thereof of this Agreement be held unlawful and unenforceable by any court of competent jurisdiction, such decision of the court shall apply only to the specific Article, Section or portion thereof, directly specified in the decision. Upon the issuance of such a decision, the parties agree to immediately negotiate a substitute for the invalidated Article, Section or portion thereof.

ARTICLE 28 - DISCRIMINATION CLAUSE

SECTION 1. The Employer and the Union agree not to discriminate against individuals because of race, age, color, marital status, sexual orientation, creed, sex, religion, national origin, disability or union affiliation. As used in this Agreement, masculine or feminine pronouns shall include reference to either sex.

ARTICLE 29 - RESIDENCY

SECTION 1. Employees hired prior to July 1, 1980 shall not be subject to any restriction or requirement concerning residency as a term and condition of employment by virtue of any provision in this Agreement, including this Article, or by virtue of any charter provision or special act.

SECTION 2. Employees hired after July 1, 1980 shall, within twelve (12) months next following the date of their employment, reside in the Town of Enfield or within a radius of twenty-five (25) miles outside of the boundaries of the Town of Enfield in any direction.

ARTICLE 30 - PHYSICAL FITNESS PROGRAM

The purpose of the physical fitness program is to ensure the ability of the officer to come to the aid of citizens and fellow officers who are in need of assistance while minimizing the potential risk of injury to the officer. The physical fitness program is intended to help each individual officer regarding their physical fitness and is not intended to be punitive in any manner whatsoever. All employees will be tested annually on duty, pursuant to physical fitness requirements currently in use for Connecticut P.O.S.T. and administered by a certified trainer.
If P.O.S.T. changes its standards, then both parties agree to meet. If an agreement can’t be reached then the Cooper Test will be the default standard.

a. The Town shall make available (24/7 access) a reasonably maintained physical fitness facility for all members. In lieu of the above, the Town will no longer be obligated to pay for employee gym memberships.\(^2\)

b. The Town will no longer provide a trainer.

c. While good faith participation in the physical fitness test is mandatory, no discipline shall be imposed on any member for failing to meet the physical standards.

d. Reasonable adjustments will be made, as determined by a qualified person, for employees with injury or ongoing medical conditions that make it difficult for them to take or pass a portion of the test, while still allowing them to fully perform the job. For example, an injured shoulder that makes it difficult to do pushups should result in a waiver of that particular testing component until the employee is restored to health. Similarly, an ongoing lower back problem that allows full functioning on the job but makes it difficult to make the sit-ups standard, shall result in an agreed-upon substitute standard or testing regimen to accommodate this medical condition.

e. Employees who meet or exceed the 50\(^{th}\) percentile, averaged out for the four tested modules in use, shall be eligible for one additional benefit day, to be taken within one calendar year of the date of their testing, provided the use of this day does not cause a shift shortage or backfill overtime.

f. Same as (e) above, except eligible for two benefit days if the employee meets the 75\(^{th}\) percentile.

ARTICLE 31 - SERVICE RATING

SECTION 1. The Police Department shall perform a service rating of each bargaining unit member once a year. The service rating shall be performed by the employee’s immediate supervisor(s), and the Department shall endeavor to have more than one supervisor participate in the evaluation of each officer, where ever practical. Evaluations will be reviewed, amended, corrected, modified and/or approved by a supervisor of a higher rank than the supervisor(s) who performed the initial evaluation. An officer may appeal an evaluation to the next higher level in the chain of command above the evaluating supervisor(s), and can continue to appeal that decision up to two levels above the evaluating supervisor(s). Individual officers who receive a score to sixty (60) shall have the right to grieve that rating under Article 16. A score of sixty (60) percent or under shall comprise an unsatisfactory rating.

SECTION 1A. The evaluation document currently in effect will continue to be used unless the parties agree on another form.

\(^2\) Both Parties understand and agree that the MOU (signed and dated 4-19-2013) and MPP-30,442 are no longer enforceable against each other and deemed null and void.
SECTION 1B. Officers shall be given a copy of each service rating.

ARTICLE 32 - FSA AND CHET PLANS

SECTION 1. The Town’s flexible spending account and section 125 plan will be made available to the employees per the Agreement between the Town and the carrier. The monthly participant cost and annual fees, if any, for this plan will be borne by the employees opting to enroll in the account and plan. Enrollment is optional to all employees covered by this agreement.

SECTION 2. The Town will provide for payroll deduction of contributions to the Connecticut Higher Education Trust Fund for all employees who are residents of Connecticut.

ARTICLE 33 - JURY DUTY

SECTION 1. Employees shall receive jury duty leave consistent with the personnel rules in effect for the Town.

ARTICLE 34 - DEGREE INCENTIVE PROGRAM

SECTION 1. Effective 7-1-99 full time officers who have degrees in higher education from an accredited institution will be compensated annually as follows:
   Associates Degree-$500.00
   Bachelor’s Degree-$750.00
   Masters/Law Degree-$1,000.00

SECTION 2. Degrees in criminal justice, law, business administration, public administration, psychology or sociology will automatically qualify for this program. Other related fields may qualify as determined by Human Resources after a review of the employee’s college transcripts.

SECTION 3. To receive this compensation, employees must notify the Chief of Police in writing in December, of their expected eligibility for this payment in the following July.

ARTICLE 35 - DRUG TESTING

SECTION 1. The parties agree to add the attached Drug Testing Program as Appendix D of this contract.

ARTICLE 36 – TOBACCO PRODUCTS

SECTION 1. Tobacco Free Workplace. The buildings, grounds and motor vehicles owned by the Town of Enfield are all tobacco-free. No on-duty employees or uniformed employees in public view will be permitted
to smoke or chew tobacco in these buildings or on the grounds, except behind Police Department Headquarters out-of-sight of the public and more than 20 feet from the rear entry doorway(s).

SECTION 2. Electronic Smoking Devices: The use of electronic smoking devices (also known as electronic cigarettes or “e-cigarettes”) are also prohibited in any place where smoking/chewing of tobacco products are prohibited in these above referenced rules.

ARTICLE 37 TATTOO AND BODY MODIFICATION POLICY

SECTION 1. The Enfield Police Department recognizes the personal appearance of its sworn personnel, when in the public eye, has a direct impact on public confidence and thereby on the ability of individual personnel to perform their official duties. It is the policy of the Enfield Police Department that sworn members maintain a professional appearance that will encourage public confidence in the members of this department. APPENDIX C
SICK LEAVE POLICY

The purpose of this policy is to provide guidance to employees and supervisors as to the employer’s expectations of employees as to what is acceptable with respect to the utilization of sick leave.

Sick leave is not to be used to extend vacations or to be treated as a personal day or day off. Regular doctor’s office visits for physical examinations, dental appointments, eye exams, etc. are not proper uses of sick leave, unless specifically agreed to by contract. Regular doctor’s office visits for physical examinations and dental appointments may be properly charged to personal leave or vacation leave. Medical examinations for treatment of an ongoing illness or condition may be charged to sick leave.

The Town bears a great expense when an employee is absent from work. In some instances, the Town not only loses the employee’s contribution for that day, but also incurs the cost of replacing that employee on an overtime basis. It is expected that employees will need to use sick leave at some point during their careers with the Town, but it must be stressed that their attendance is critical to the proper functioning of government and the delivery of services to the residents of Enfield.

In order to ensure the proper delivery of services and to curtail the excessive use of sick leave the Town adopts the following policy.

1. The Town reserves the right to investigate any use of sick leave for which a supervisor determines that there might be an abuse of sick leave. An abuse of sick leave is the use of sick leave for any purpose other than that which is allowed above or by contract. An abuse of sick leave will result in disciplinary action regardless of whether or not the employee has received a notice of sick leave usage, as described below.

2. In addition to reserving the right to investigate specific utilizations of sick leave for abuse the Town re-affirms its neutral policy of any absences beyond eight (8) occurrences of sick leave in a year is considered excessive and will be addressed as follows.

   a. Each employee’s attendance will be reviewed in January of each year for the previous calendar year. If an employee has had more than eight occasions of sick leave in the previous calendar year, the employee’s department head will be so notified by the Human Resources Department. An occasion can be part of one day (more than four hours), one day or the use of sick leave for multiple days as long as they are consecutive and not interrupted by a return to work or use of another form of leave or leave without pay. In the event that an employee uses less than four hours of sick leave during a work day it will be counted as one-half of an occasion as long as it is not used in conjunction with sick leave on the preceding or following day. The department head or his/her designee will meet with the employee and discuss the excessive amount of sick leave. In the absence of extraordinary circumstances, the department head will issue the employee a notice of sick leave usage which will state that the employee’s use of sick leave will be monitored for the next six (6) months. In the event that the employee has more than three (3) occurrences during the six (6) month period of time that the employee is being monitored the employee will be subject to disciplinary action, which shall include as a minimum a one (1) day suspension without pay. Prior to the issuance of a suspension letter the department head or his/her designee will meet with the employee to again discuss the excessive absences. If the employee’s attendance fails to improve over the next six (6) month period using the above standard, additional disciplinary action, up to and including, the termination of employment may be imposed. Again, this notice will be issued to the department head for issuance to the employee.
b. Extraordinary circumstances for which a department head or his/her designee may determine that a sick leave usage or disciplinary action notice will not issue include: *the need for an employee to attend repeat therapy sessions for the same injury,
* a re-occurring serious illness,
* a need for ongoing medical treatment for an illness,
* or other reasons which in the department head’s judgment, justify excusing the employee from their regular duties during work hours for treatment.
APPENDIX D

TOWN SUBMITTED DRAFT 7-28-06

SUBSTANCE ABUSE TESTING POLICY

1. The purposes of this policy are as follows:
   A. To establish and maintain a safe, healthy working environment for all sworn employees and to protect
      the public;
   B. To insure the reputation of the Town of Enfield Police Department and its police officers as good,
      responsible citizens worthy of the public trust;
   C. To reduce the incidents of accidental injury to person or property;
   D. To reduce absenteeism, tardiness and indifferent job performance; and
   E. To provide assistance toward rehabilitation for any employee who seeks help in overcoming any
      addiction to, dependence upon, or problem with alcohol or drugs.

2. Definitions
   A. Alcohol or alcoholic beverage-means the intoxicating agent in beverage alcohol,
      ethyl alcohol, or other low molecular weight alcohol, including methyl and isopropyl alcohol.
   B. Drug - means any substance (other than alcohol) capable of altering the mood, perception, pain level
      or judgment of the individual consuming it.
   C. Prescribed drug-means any substance prescribed for the individual consuming it by a licensed
      medical practitioner.
   D. Illegal drug - means any drug or controlled substance, the sale, possession or consumption of which is
      illegal, under state or federal law.
   E. Supervisor-means any officer with the rank of Sergeant or above who is the employee's immediate
      supervisor or a supervisor in the employee's chain of command, or the Chief of Police or his designee.
   F. Abuse of a legally prescribed drug- means use of a prescribed drug to the employee when a valid
      prescription is not in effect or the use of the drug in greater quantity/amount than that which was
      prescribed.

3. Basis for testing
   A. Random drug testing-the Chief of Police shall determine the number of employees to be tested on an
      annual basis. Not more than 25% of employees shall be randomly selected per test. An independent
      testing agency shall select employees to be tested by a computer generated process not more than
      four times per year.
   B. Reasonable suspicion testing - an employee may be required to undergo testing based on "reasonable
      suspicion". Reasonable suspicion shall mean when objective facts and observations are brought to
      the attention of a supervisor, based on the reliability and weight of such information, such that the
      supervisor can reasonably infer that, or suspect that, the employee is using illegal drugs, is abusing
      prescribed drugs, or is reporting for duty (or on duty) under the influence of alcohol or drugs.
      Reasonable suspicion must be supported by specific facts which may include, but are not limited to:
      the appearance, speech, behavior, body odors, of the employee; reports and observations of the
      employee's drug related activities, such as purchase, sale or possession of illegal drugs; knowingly
      associating with known illegal drug dealers or users (exception for immediate family members);
      observation of the employee at known illegal drug or suspected illegal drug related locations; an
      otherwise unexplained change in the employee's behavior or work performance; an observed
      impairment of the employee's ability to perform his or her duties.

      If the employee is ordered to undergo a reasonable suspicion drug and/or alcohol test he shall be
given a brief verbal statement of the basis for the reasonable suspicion. A verbal directive to submit to such test shall be confirmed in writing, but the testing shall not be delayed pending the issuance of the written directive.

4. Testing procedures - Testing shall be performed by a licensed laboratory. Testing will be done with due regard for chain of custody and for the employee's right to privacy, subject to standard testing protocols to insure a valid sample. An employee shall have the right and shall not be denied the right to Union representation provided that it does not unreasonably delay the testing during any part of these testing procedures.

Testing for alcohol shall be by breathalyzer and/or intoxilyzer. If positive, there shall be a re-confirming test after fifteen minutes. The Town reserves the right to only test for alcohol by urine testing instead of breathalyzer and/or intoxilyzer. Testing for drugs shall be by urine testing.

For urine testing, the sample will be split into two parts. An employee whose drug test results in a positive report may, within forty eight hours of receiving notification of such result, submit in writing to the Chief of Police that the second part of the sample be made available for re-testing at a licensed laboratory of the employee's choosing. The second part of that sample shall be transferred to that laboratory in such a manner as to insure the proper chain of custody. The second test performed at the employees' request, shall be at the employee's expense. If the second test is negative, the positive test shall be null and void and the Town shall reimburse the employee for the cost of the second test and any loss of pay due to suspension.

5. Interference with or refusal to submit to testing - any alteration, switching, substituting or tampering with a sample or test given under this policy by any employee shall be grounds for immediate suspension and subsequent disciplinary action which may include discharge. The refusal by an employee to submit to a drug or alcohol screening test pursuant to the provisions of this policy, or to cooperate in providing information to the testing agency needed in connection with the testing, shall result in the employee's immediate suspension without pay and subsequent disciplinary action which may include discharge.

6. Rehabilitation - the opportunity for rehabilitation (exempting an employee from the disciplinary action found in section 7 below) shall be granted once for any employee who:
   A. voluntarily admits to alcohol or drug abuse prior to testing, or
   B. tests positive for alcohol or abuse of legally prescribed drugs for the first time.

The employee shall use accumulated sick or vacation leave for the period of any absence for the purpose of rehabilitation. All treatment will be at the sole expense of the employee, to the extent that it is not covered by the employee's health insurance. As part of any rehabilitation program, the employee may be required to undergo periodic screening for drugs and/or alcohol for a period of 36 months (up to 48 months if recommended by the Substance Abuse Professional) after his return to duty. The frequency of this testing will be at the discretion of the Chief of Police. This testing is in addition to random testing which the employee will continue to be subject to. If after screening, the employee tests positive, he will immediately be suspended without pay and will be subject to disciplinary action, up to and including, the termination of employment.

Nothing in this policy shall preclude disciplinary action against an employee who is under criminal investigation for drug/alcohol related misconduct.

7. Consequences of a positive test - the consequence of a positive test shall be as follows:
   A. For use of an illegal drug - discharge.
B. For use of a drug prescribed to someone other than the employee - 30 day suspension, up to termination.

C. For abuse of a legally prescribed drug to the employee - first offense, 1-15 day suspension. Subsequent offense, 60 day suspension, up to discharge.

D. For alcohol (at the level of .04 or greater) - first offense, 1-15 day suspension. Subsequent offense, 60 day suspension, up to discharge.

8. The drug testing thresholds are attached and are subject to change if recommended by the vendor.

Honorable Member
Enfield Town Council
Enfield, Connecticut

Subject: Resolution to approve revised/new job descriptions and impact bargained wage adjustments for the Enfield Transportation Services employees.

Councilors:

Highlights:
- The Transportation Manager resigned from her position and her last day was July 5, 2022.
- In an effort to ensure no interruptions with the Enfield Transportation Services, the Town assigned several responsibilities to both the daytime and nighttime dispatcher positions.
- Because two dispatchers performed these added responsibilities outside of their job description effectively and efficiently since July 5, 2022, the Town now proposes making these changes permanently to their respective job descriptions while also creating an additional part-time dispatcher position.
- Accordingly, using the funds from the vacant Transportation Manager position, the Daytime Dispatcher will receive an hourly wage increase to $26.00/hr. retroactive to July 5, 2022 and the Nighttime Dispatcher will receive an hourly wage increase to $27.20/hr. retroactive to July 5, 2022 in addition to adopting the part-time job description at the hourly rate of $24/hr.
- The Union also agrees to the above outlined changes and adjustments.

Budget Impact:
The above referenced changes will have a favorable budget impact estimated at $36,500 to the current budget.

Recommendation:
That the Town Council approve the attached Resolution.

Respectfully Submitted,

Steven V. Bielenda, Esq.
Assistant Town Manager

Subject: Resolution to Refer a proposed Land Swap to Planning & Zoning Commission

Highlights:
Raffia Farms, Inc. own 39.5 acres of land that could tie into the Scantic River Watershed Park. They are proposing to swap/trade this land for approximately 20 acres of farm and woods located to the rear of the Town transfer station.

Raffia Farms, Inc owns 2 Parcels – Map 67 – Lots 404 and 425, which combined comprise 36.59 ac. Except for the front 46,290 sf +/- (1.06 ac) accessed from Raffia Road, the parcels are entirely encumbered by Terrace Escarpment slopes and wetlands leading to the Scantic River. Access to the river by foot over this property would be via an extremely steep and erodible ravine.

The acre abutting Raffia Road appears to be developable with one single family dwelling. The remaining portions of the 2 parcels are completely undevelopable, and are abutted by DEEP and TOE preserved land (Scantic River Park).

The Town of Enfield owns a 174 acre site - Map 71-3 - off Town Farm Road. The transfer station, dog park, Police shooting range, leaf mulching area and approximately 10 acres of leased farmland are all located on the campus. The farmland is flat and is unencumbered by environmental constraints. Behind the active farm field is another 10 acres of wooded land that could be cleared and farmed. It is in this combined 20 acre area that Raffia Farms, Inc has interest.

Recommendation:
To make an 8-24 referral of the Raffia request to the Planning & Zoning Commission for review and action

BE IT RESOLVED that the Enfield Town Council recommends an 8-24 referral under the CGS to the Planning and Zoning Commission for their review of the requested parcel land swap between the Town of Enfield and Raffia Farms.

Date Prepared: September 15, 2022
Prepared by: Town Manager Ellen Zoppo-Sassu
Memorandum

RE: Proposed Raffia/TOE Land Swap

Raffia Farms Inc. is interested in a land swap with the Town of Enfield (TOE). They own 39.5 acres of land that could tie into the Scantic River Watershed Park. They are proposing to swap/trade this land for approximately 20 acres of tilled farm (10 ac.) and woods (10 ac.) located to the rear of the Town transfer station.

Parcel Analysis:

A: Raffia Farms, Inc owns 2 Parcels – Map 67 – Lots 404 and 425

The proposal includes two parcels. Lot 404 with 4.53 ac. and Lot 425 with 32.06 ac. Combined the 2 parcels comprise 36.59 ac. Except for the front 46,290 sf +/- (1.06 ac.) of Lot 404 accessed from Raffia Road, the parcels are entirely encumbered by Terrace Escarpment slopes and wetlands leading to the Scantic River. Access to the river by foot over this property would be via an extremely steep and erodible ravine. It also appears that there is a sewer easement over the smaller parcel.

The 1 ac. section abutting Raffia Road appears to be developable with one single family dwelling. The remaining portions of the 2 parcels are completely undevelopable, and are abutted by DEEP and TOE preserved land (Scantic River Park).

B: Town of Enfield Transfer Station – 77 Town Farms Road, Map 71- 3

The Town of Enfield owns a 174 ac. site off Town Farm Road. The transfer station, dog park, Police shooting range, leaf mulching area and approximately 10 ac. of leased farmland are all located on the campus. The farmland is flat and is unencumbered by environmental constraints. Behind the active farm field is another 10 ac. of wooded land that could be cleared and farmed. It is this combined 20 ac. area that Raffia Farms, Inc has interest.

Comments:
1. Any sale, purchase or receipt of TOE land would require an 8-24 Referral before the PZC.
TOWN OF ENFIELD

2. The TOE property would need to be subdivided for the swap to occur, unless a title search reveals that the property has been in its current configuration since 1958. (Documentation of deeds was not readily available)

3. The TOE portion of land would need to be surveyed, and new deeds would need to be drafted for both parties.

4. It is unknown if the Raffia Farms, Inc land has been surveyed, but it is unlikely.

5. A long standing year to year lease with Collins Farm exists for the 10 ac. of farmland on the TOE property.

6. The 10 ac. of tilled land along with the natural 10 ac. of woods is relatively flat, and unencumbered. It very easily could be utilized for recreational fields or other municipal uses in the future.

7. Since 1989, development of the Scantic River Park has been a goal within Enfield. The desire is to connect the parcels for people to utilize the floodplains and areas adjacent to the Scantic River. (See Attached excerpt from POCD 2010.)

Scantic River State Park Master Plan of 1989

A feasibility and suitability study for the Scantic River State Park was completed in 1968. This plan recommended preserving the floodplain as open space and creating a central recreation complex in Enfield. The recreation plan was never implemented due to fiscal constraints, except for a total of 326 acres that were acquired by the State. The master planning study resumed efforts to create the park, and public input meetings were held in all municipalities intersected by the Scantic River. These meetings revealed that Enfield residents wanted group camping, fishing, swimming, hiking, biking and historic interpretation facilities at the park. The study found that swimming was unsuitable due to the characteristics of the river and conflicts with state policy on natural resource-based recreation. Feasible activities and facilities included interpretive facilities at Powder Hollow, floodplain acquisition, fishing, hiking and biking trails. The total cost of land acquisition was estimated at $2 to 3 million; facilities development at $8 million; staffing at $75,000 and equipment at $90,000.

Town of Enfield
Small Business Grant Program
Application
Date: September 19, 2022

Subject: Conservation Commission Request to the Town Council

Highlights:
Preserving and maintaining a list of open/woodland space is one of the main mandates for the Conservation Commission. As such, the Commission is now proposing the creation of a PA 490 Open Space Ordinance. Although Enfield has authorized PA 490 classifications for farmers, the Town does not have a local ordinance to classify open space & woodland properties.

Per the Public Act 450: A Practical Guide and Overview handbook, a Municipal Open Space Designation is a classification that is an option for a municipality to adopt. The terms farmland and forest land are often referred to in general terms as "open space," but within the context of PA 490 they are distinct land use value classifications that have specific statutory requirements. (CT Farm Bureau Association, PA 490: A Practical Guide and Overview, p. 16-18.)

The Planning & Zoning Commission may recommend open space for inclusion in the Plan of Conservation and Development, at which time the Town Council would approve the geographic areas. The eligible landowners would then follow a process through the Assessor’s Office and file a M-30 application.

Recommendation:
Refer the request to the Planning & Zoning Commission for review and action.

BE IT RESOLVED that the Enfield Town Council does hereby refer the recommendation from the Conservation Commission to the Planning & Zoning Commission for the adoption of an Open Space Ordinance to allow for Enfield landowners to take advantage of the PA 490 open space classification.

Date Prepared: September 15, 2022
Prepared by: Town Manager Ellen Zoppo-Sassu
TO: Enfield Town Manager & Enfield Town Council
FROM: Enfield Conservation Commission
RE: Open Space Ordinance

At its September 13, 2022 meeting the Enfield Conservation Commission (ECC) voted to send this memo to the Town Council for consideration.

The ECC would like to ask the Council to consider creating a PA-490 Open Space Ordinance for the Town of Enfield. Although Enfield has authorized PA-490 classifications for farmers, the recent revaluation process brought to light the fact the Town of Enfield may not have a mechanism to classify open space & woodland properties. Preserving and maintaining a list of open/woodland space is one of the main mandates for the Conservation Commission.

A PA-490 Open Space Ordinance would provide a process of keeping our existing open space areas intact and give the citizens of Enfield a way to preserve their properties in a natural state thereby allowing for more open space properties that the Town would not have to be involved with or maintain.

The PA-490 Open Space issue is mentioned in the new POCD. The Enfield Conservation Commission fully endorses the creation of a PA-490 Open Space Ordinance and ask that the Council give this its full consideration.

Attached are some documents that may be helpful in drafting Enfield’s ordinance.
Purpose of Enfield 490 Open Space Ordinance:

1. The Town of Enfield wishes to provide the owners of land within the town of Enfield an option of saving taxes while:
   a. Providing a means of protecting and conserving land in its natural state.
   b. Protection of streams, wetlands or water supply
   c. Promoting conservation of soils, wetlands, and escarpments.
   d. Enhance the value to the public of abutting or neighboring parks, forests, wildlife preserves, designated greenways, sanctuaries, rivers, streams or other open spaces.
   e. Enhance public recreation opportunities.
   f. Preserving historic, archaeological or environmentally sensitive areas.
   g. Promote orderly urban or suburban development

490 Open Space Ordinance

1. Must comply with CGS Chapter 203 Sec. 12-107b and 12-107e
2. Property in all areas of town are acceptable for open space 490 designation
3. Property must be a minimum of 4 acres or more unless it meets the following exceptions:
   a. Contiguous parcels owned by the same owner totaling 4 acres or more will be accepted into the program.
   b. Land that abuts town owned open space, parks or riverfront and is less than 4 acres will be accepted into the program.
4. Effective on the date of approval as a subdivision or development proposal, any land designated as open space by the assessor under this ordinance shall be removed from such designation, and a conveyance tax paid, if required under CGS Chapter 203 Sec. 12-504a.
5. At any time the owner(s) of the property may remove their property from 490 Open Space designation and will be subject to conveyance tax if required under CGS Chapter 203 Sec 12-504
6. The assessor shall use the State recommended land use values for all open space land under this ordinance based on closest current land class.
