Programs that Help People in Connecticut has been connecting Connecticut residents to federal, state, and local agencies for over twenty years. Need information? Need Help? Need Services? LOOK INSIDE!

The Connecticut Association for Human Services (CAHS) updates the program entries and Connecticut Light and Power (CL&P) publishes this booklet. We are grateful to everyone who supplied information for the new edition.

THIS BOOKLET IS A GUIDE, containing brief descriptions of complex programs. Eligibility criteria, services offered and funding are subject to change. PLEASE CHECK WITH THE ADMINISTERING AGENCY FOR THE MOST UP-TO-DATE INFORMATION.

If you need a particular service but do not see it reflected in any of these pages, you may wish to begin with a call to United Way 2-1-1, described after the table of contents. In addition, every Connecticut town is required to have a Municipal Agent to help senior citizens and most also have a Youth Services Bureau that can link you to groups that could help meet the needs of children. You can find these numbers in the blue pages of your phone book.

Many services have income and asset eligibility guidelines. Generally, income is money available to you from an ongoing source. Assets are referred to as other financial resources – a bank account, a home, a car etc. Don’t assume you are not eligible! Check with the agency that administers the program. If you do not meet the guidelines for service, they should offer you an alternative.

A special note to individuals who have never accessed social services in the past: The on-going recession, with the loss of tens of thousands of jobs and widespread home foreclosures in Connecticut, has necessitated the use of social services by many people who have never had occasion to seek social services before. Navigating the social service system can be confusing and time consuming, even for experienced consumers. For individuals new to this process, it can be difficult to access all of the resources needed for a family at a single agency. To find services to meet a variety of needs, dial 2-1-1, or the Connecticut Association for Human Services or other multi-service agencies listed on page 24 of this book. These agencies can help families access and determine eligibility for multiple programs and public benefits including: SNAP (formerly food stamps), health care, housing, cash assistance and other resources. Accessing benefits may still not be as easy as people would like, but these agencies will do their best to address new and multiple needs.

We would like to hear from you! Please let us know of any services that should be added, deleted or revised. Programs that Help People in Connecticut is updated every two years. Additional copies are available through CL&P or CAHS by written request, and can be downloaded directly from the CAHS website.

The Basics

Food

Supplemental Nutrition Assistance Program (SNAP, formerly the Food Stamp Program)

The State Department of Social Services (DSS) administers the United States Department of Agriculture’s Supplemental Nutrition Assistance Program (SNAP) and a State-funded SNAP for people who are not eligible for the federal program solely due to their status as non-citizens. The purpose of both programs is to help low-income people buy food. Eligibility for most households depends on the income of the household. The amount of SNAP for an eligible household depends on the number of people in it, and on how much monthly income is left after certain expenses are subtracted. People can apply for SNAP at the DSS office located nearest the town where they live. People who cannot get to an office can apply for SNAP by mail, or authorize a responsible adult to represent them. People who receive SSI can also apply for SNAP at the Social Security office located nearest their home. For more information about SNAP call DSS Toll-Free: (800) 842-1508, End Hunger CT!: (860) 560-2100 or Connecticut Association for Human Services: (860) 951-2212 x236 or Hispanic Health Council: (860) 527-0856.

A complete list of local DSS offices can be found in the Multi-service Agencies section of this book. If denied, a request for a hearing must be made within 90 days of the date of the decision notice. To request a hearing, contact Fair Hearing Unit, Department of Social Services, 25 Sigourney Street, Hartford, CT 06106. Be sure to include your name and address. You can also request a Fair Hearing by calling Toll-Free: (800) 462-0134 or by calling Statewide Legal Services. Toll-Free: (800) 453-3320*

Special Supplemental Nutrition Program for Women, Infants, and Children (WIC)

WIC is a federally-funded program that serves to safeguard the health of low-income women, infants, and children up to age 5 who are at nutritional risk by providing nutritional assessment and education, referrals to health care, and nutritious foods to supplement diets. Healthy foods such as, eggs, fruits, vegetables, milk, beans, cheese, juice, cereal, peanut butter, infant cereal, baby foods, and formula are available. Information on breastfeeding and healthy eating are provided as well as Farmers’ Market coupons for designated months. Eligibility is based on income, residency, certification of nutritional risk, and a physical presence requirement, which means having a WIC employee see your child. Pregnant women, breastfeeding women (up to infant’s 1st birthday), non-breastfeeding postpartum women (up to 6 months after the birth of an infant or after pregnancy ends), infants (up to 1st birthday), and children up to their 5th birthday are eligible to receive WIC benefits. Cash Assistance

Temporary Family Assistance (TFA)

TFA is a cash assistance program that provides basic human needs to families. It helps single- and two-parent families, and relatives who have the responsibility of caring for children under the age of 19. Many families eligible for TFA are also eligible for SNAP, medical assistance, and energy assistance. TFA is limited to 21 months, requiring adults to look for and find work; however, some families may be exempt from the time limit. Extensions to the 21-month limit can be granted in 6-month increments for families that have made good faith efforts to find work.

The amount of assistance is determined by the number of people in the household, the amount of their income, and the particular town of residence. Applications are accepted at all Department of Social Services offices listed in the Multi-service Agency of this book. For information Phone: (860)-424-5540*

State-Administered General Assistance (SAGA)

The SAGA program, administered by the State Department of Social Services (DSS), provides cash assistance to adults without children who are unable to work for medical reasons. The program also helps families who do not meet the rules for other department programs. Employable individuals are not eligible for SAGA cash assistance but may qualify for SAGA medical assistance. Food and medical vouchers can be issued on an emergency basis. SAGA applicants and recipients must participate in digital imaging (fingerprinting), pursue other available benefits or resources that may meet their financial or medical needs, and agree to a lien on their home if they own one. A personal appointment is not necessary if only applying for SAGA medical assistance. Call any of the DSS offices listed under Multi-service Agencies in this book or Toll-Free: (800) 842-1508*

Social Security – Old Age, Survivors and Disability Insurance (OASDI)

Social Security, also called OASDI, is a federal program for the retired and disabled, as well as for survivors of a deceased wage earner. People who have worked enough quarters and have paid into the program are eligible; there are no income or asset requirements. People who are at least 62 and retired, the disabled at any age, or qualified dependents or survivors of the insured are eligible for benefits. Individuals can begin collecting full retirement benefits when they reach age 65. For people born 1938 and later, the full retirement age will gradually increase to age 67; these people can still collect reduced benefits at age 62. Survivors’ benefits are paid to a spouse with children who are minors, a widow or widower age 60 or older, a widow or widower age 50 or older, and disabled, minor children, or a parent age 62 or older who was dependent on the wage earner. Disability benefits can be paid to people who are unable to engage in substantial gainful activity or whose disability will result in death. Supplemental Security Income (SSI)

SSI is a federal income maintenance program for the aged, blind, and disabled. Unlike Social Security, SSI has limits on the amount of money and resources a recipient can have. Recipients may receive both Social Security and SSI, if eligible for both. Flat monthly payments are issued to participants; the 2010 benefit level is $674 for one person, $1,011 for a couple. If the participant lives in a household which provides in-kind resources that may meet their financial or medical needs, and agree to a lien on their home if they own one. A personal appointment is not necessary if only applying for SAGA medical assistance. Call any of the DSS offices listed under Multi-service Agencies in this book or Toll-Free: (800) 842-1508*
State Supplement for the Aged, Blind, and Disabled (State Supplement)

The State Supplement program is a state income maintenance program administered by the Department of Social Services to supplement assistance under the federal Supplemental Security Income (SSI) program. However, actual receipt of federal SSI is not required. For example, recipients of a low monthly Social Security benefit, private pension, Veteran’s benefit, or limited income from another source may still qualify for the State Supplement. The benefit is based on a standard calculation of total need compared to the applicant’s income. Applicants must be age 65 and older, or at least 18 years old if disabled, or blind. People receiving State Supplement also receive Medicaid to cover medical expenses. In addition, many recipients may also be eligible for SNAP and energy assistance. Toll-Free: (800) 842-1508

Housing

Emergency Shelter Services

Emergency shelters provide the minimum necessities of life to individuals and families on a limited basis during a period of dislocation, crisis, or emergency. Services which are available without regard to income may be restricted to particular ages, sex, population groups, or referring agency. The Department of Social Services (DSS) funds emergency shelters that support individuals and families who have become homeless due to a variety of causes such as fire, eviction, unemployment, and/or natural disaster. Emergency Shelter Services may include initial food and shelter, housing assistance, counseling, information and referral, crisis intervention, and assistance with hygiene. Transitional Living Programs help facilitate the movement of homeless people into decent housing and stable living environments. Local emergency shelters (DSS funded and non-DSS funded shelters) are listed below or contact DSS for general information. Phone: (860) 424-5875

Connecticut Department of Social Services Programs (DSS)
Eviction Prevention Program: This program assists low- and moderate-income residents at risk of becoming homeless or losing their homes due to inability to pay their rent or mortgage. Phone: (860) 424-5427

Section 8 Housing Choice Voucher Program: This federally funded program assists low-income families in obtaining housing and provides direct rental subsidies to property owners. These subsidies fill the gap between what a renter can afford to pay and the rent charged by the landlord. Security Deposit Assistance: This program helps two groups of income-eligible persons afford to move into rental housing. The first includes persons who hold a Section 8 voucher or state rent subsidy (RAP, T-RAP) certificate newly issued while the applicant was on a housing authority waiting list. The second includes homeless individuals and families. Qualifying emergency situations include: homelessness; living in a domestic violence shelter, motel or hotel, or temporary residence with friends or relatives during the homeless crisis; eviction; and, release from a hospital, prison, or other institution. Applicants on public assistance or those who meet the income limits and other criteria may be eligible for the equivalent of up to two-month’s rent in the form of a security deposit guarantee.

State Rental Assistance Program (RAP): This program provides rent subsidies for low-income households. For families, RAP pays the difference between the gross rent and 40% of adjusted gross monthly income. For the elderly and disabled, RAP pays the difference between the gross rent and 30% of the adjusted gross monthly income.

Transitional Rental Assistance Program (T-RAP): This program provides rental assistance for a maximum of one year to families who are making the transition from Temporary Family Assistance (TFA).

Health Care

Insurance

Health Care for Uninsured Kids and Youth (HUSKY)
HUSKY is Connecticut’s health insurance program for children and families, available to residents of Connecticut who are U.S. citizens or legal immigrants. HUSKY provides a comprehensive benefits package including regular medical check-ups and well-child care; prescriptions; mental health and substance abuse services; dental checkups and dental care; immunizations; counseling; vision care; durable medical equipment; and hospital care. All children enrolled in HUSKY are entitled to Early and Periodic Screening, Diagnosis, and Treatment (EPSDT), which is a formal vision, hearing, and developmental screening. All treatment for medically necessary services identified during the course of an EPSDT screening are covered.

HUSKY health care is either free or low-cost, depending on family size and income. The program has two parts, HUSKY A and HUSKY B. HUSKY A is free and covers low-income children and their parents or a caretaker relative. HUSKY B is for higher income families but only covers uninsured children up to age 19. HUSKY B requires co-payments and may also require a monthly premium depending on income and family size. Once enrolled in HUSKY, families choose a Managed Care Organization (health plan) to coordinate the benefits package. Each health plan offers a network of participating doctors, dentists, hospitals, pharmacies, and other specialty providers that families must use. Mental health and substance abuse services are available to HUSKY members through the CT Behavioral Health Partnership. Toll-Free: (877) 284-8759* TDD/TTY: (800) 410-1681 Website: www.huskyhealth.com

Questions about EPSDT can be directed to United Way of Connecticut 2-1-1, or Department of Social Services Toll-Free: (800) 842-1508*

Charter Oak Health Plan
Charter Oak Health Plan offers coverage to the uninsured and adults experiencing financial hardship in paying non-group premiums on their own. The State of Connecticut is contracting with three private insurers; Aetna Better Health, AmeriChoice by United Health Care, and Community Health Network of CT, to coordinate benefits and medical providers. Individuals select one of these insurers and participating doctors. There is a single monthly premium for all members. Annual deductibles and co-insurance depend on household income. Charter Oak covers enrollees with pre-existing medical conditions (no exclusions). Toll-Free: (877) 772-8625* Website: www.charteroakhealthplan.com

State-Administered General Assistance Medical Program (SAGA Medical)
The Department of Social Services (DSS) may provide medical assistance, SAGA Medical to childless persons who are unable to pay for necessary medical expenses such as doctor visits, prescriptions, and the cost of hospitalizations and are not eligible for Medicaid or Medicare. If the applicant is hospitalized and cannot afford to pay, the hospital’s billing department should be informed as soon as possible and request to file an application for SAGA Medical on behalf of the applicant. Toll-Free: (800) 842-1508, or apply through any local DSS office listed under Multi-service Agencies in this book.
Medicaid (Title XIX)

Medicaid provides coverage for a comprehensive array of health services and medical needs, including services not covered by Medicare. Some services require prior authorization from the Department of Social Services (DSS). Medicaid encompasses both managed care for income-eligible children and their parents under HUSKY A as well as fee-for-service coverage for adults with disabilities and persons 65 and over. People who receive State Supplement for the Aged, Blind or Disabled automatically qualify. Eligibility depends in part on the size of the medical bills and the assets available to the family. Applications are made through any local DSS office listed under Multi-service Agencies in this book.

Qualified Medicare Beneficiary (QMB) Specified Low-Income Medicare Beneficiary (SLMB) Additional Low-Income Medicare Beneficiary (ALMB) Programs

QMB, SLMB, and ALMB provide health care coverage and financial assistance in paying Medicare costs for certain Medicare beneficiaries. QMB pays Medicare premiums, deductibles and co-payments to fill the gaps in Medicare coverage by eliminating out-of-pocket expenses. The SLMB program pays the Medicare Part B premium only. The ALMB program also pays the full amount of the Medicare Part B premium per month. However, funding for the ALMB program is limited, so it is important to apply as soon after January 1 as possible each year. Once funding runs out, applications will not be accepted. QMB, SLMB and ALMB recipients automatically qualify for the Medicare Part D Low Income Subsidy, also known as “Extra help”, which helps with Medicare Part D prescription drug co-pays and deductibles. To be eligible for any of the programs, clients must be a citizen or legal resident of the United States and the State of Connecticut; be enrolled or eligible to enroll in Medicare Part A and have limited income. Toll-Free: (800) 609-5627, or visit a local Department of Social Services office listed under Multi-service Agencies in this book.

Medicare Assignment Program (ConnMAP)

ConnMAP is a program for lower-income elders who meet residency requirements and are enrollees of Medicare Medical Insurance (Part B). It is designed to assure enrollees that health care providers who agree to treat them will not charge more than Medicare-approved rates for services covered by Medicare Part B. At an office visit, the patient presents a card to the office staff of the health care provider. Once the card is presented, providing treatment means the health care provider agrees to accept Medicare-approved rates for the medical care. Information and applications are available from local senior centers, municipal agents and some physicians’ offices or through the Department of Social Services Toll-Free: (800) 443-9946 Phone: (860) 424-4925

Healthy Start

The Healthy Start program provides access to Medicaid medical coverage to pregnant women and to children up to age 19 who live in households with incomes at or below 250% of the federal poverty level. When calculating the size of a family, a pregnant woman would be counted as two members of the household, and a woman expecting twins would be counted as three members. Resources other than income (e.g., savings accounts, insurance policies, cars) are not taken into consideration when determining eligibility. Eligible women receive continuous Medicaid coverage for up to 60 days after the pregnancy, regardless of any changes in financial situation. Children born to women on Healthy Start are eligible for Medicaid coverage for the first year of life, regardless of family income after the initial application and enrollment. Medicaid/HUSKY coverage includes a full complement of pregnancy-related benefits including: prenatal care; case-management services to high-risk pregnant women; labor and delivery; 60 days of postpartum care; dental and mental health services. Contact the United Way of Connecticut 2-1-1. Phone: (877)-CT-HUSKY
