

TOWN OF ENFIELD

Farmland Restoration Program Information for Enfield Farmers and Agriculture Land Owners

The State of Connecticut's Department of Agriculture offers a Grant for the Farmland Restoration Program (FLRP) made possible by Public Act 11-1. This is a voluntary program with the main objective of increasing food and fiber production in Connecticut through restoring lands into active agricultural production with prime and important farmland soils.

How the Application Process works:

1. FLRP Applications Deadlines vary. Please Contact Lance Shannon for information on the next Application Date: (860) 713-2531 or (860) 993-4088. Last one was 1/15/2021 and is currently closed. To submit your application, email it to Agr.Grants@ct.gov
2. You will be notified via email of acceptance or rejection of the Application
3. If accepted, a soil scientist will contact you to set up a site visit to review the application and view the property; or applicant may request the USDA provide a Conservation Plan of the FLRP area.
4. The Soil scientist will provide the Department of Agriculture the FLRP Plan for their review.
5. A State of Connecticut Contract will have to be completed by the applicant prior to any work being performed.

Each Farm can qualify for a reimbursement payment up to \$20,000 from the CT Department of Agriculture. For more information about the application process, to download the Direct Deposit form, or FLRP please visit the State of Connecticut's Department of Agriculture's website:
