

PICKLEBALL PACKS

The Veteran's Memorial Athletic Complex on South Road in Enfield is home to six pickleball courts. What is pickleball, you ask? Well, pickleball is a paddleball sport that combines elements of badminton, table tennis and tennis. Two or four players use solid paddles to hit a perforated polymer ball over the net. Invented in the mid 1960's as a children's backyard game in the United States, the game has exploded in popularity with senior citizens and has proven to be a great intergenerational game for participants of all ages!
