

Safe@Home: Home Alone Safety Course

Grades 4 - 6

Help your child feel more comfortable while they are home alone. A certified *Safe@Home* Instructor from *CPR Trained Professionals, LLC* of Connecticut will lead this unique workshop for youth, who spend time alone at home. This interactive course will cover safety concerns parents have when their child is home by themselves. Participants will learn to be more aware of the potential dangers they could face when home alone. Attendees will receive a workbook which covers personal safety, indoor/outdoor safety, first aid essentials and handling emergencies. This course will also include information on phone, door and internet safety. Participants should bring a pen and water bottle. **Limit: 10.**
