Mad Science Camp: Crazy Chemworks

Entering Grades 1 - 5

Participants will learn about the tools scientists use in their laboratories, as well as atoms, molecules and reactions, acids and bases, fluorescence and phosphorescence. Kids will also examine and investigate super sticky things by exploring suction, hydrogen bonding and static cling, and see some very cool dry ice demonstrations! Continue science-at-home with fun labware, take-homes and experiments! *Participants should bring a nut-free snack and a water bottle. Additionally, participants are encouraged to wear clothes they don't mind getting messy.* **Limit: 14.**
